What a pleasure it is just to drive past the beautiful civic center, through streets bordered with roses, past well kept homes with their green grass, trees, flowers and birds.

These are the things we see and want when we choose our homes. These homes, large and small, all are included when one speaks of Salem, the home city.

"Home, you say, when work is done, Home, to comfort and peace and rest, Home, where the children romp and run. There is the place that you love best."

(Edgar Guest)

HOLLYWOOD NORTH END OF BUSINESS DISTRICT

Hollywood has the community spirit. It is a part of Salem, and is intensely loyal to the city of Salem. But it has a community consciousness and is ambitious for the welfare and upbuilding of its own district.

Hollywood likes nice, clean homes. Hollywood likes strong, substantial, payroll industries that make nice, neat homes possible. Hollywood likes good business houses catering to the needs of the locality. These Hollywood likes — and has — and will have more of as the city grows.

This community spirit makes Hollywood distinguished. Hollywood is ready to get under the load of city unbuilding; and ready to stand up for its rights whenever they are attacked. Cast your lot (buy your lot) in Hollywood.

Watch Hollywood grow; invest in Hollywood; help build it up and thus make Salem a Bigger and Better City.
