### That's Just What She Said—Just What He Said

### AND A MILLION FAT FOLKS CAN'T BE WRONG

When you take vitalizing Kruschen Salts for a few days that old indolent arm-chair feeling deserts you—it doesn't matter how fat you are—the urge for activity has got you—and you're stepping lively.

And best of all you like this activity—you walk a couple of miles and enjoy it—you thought you'd never dance again but you find you're getting as spry as ever—the old tingling active feeling reaches even your feet.

Kruschen is a combination of the six salts Nature has already put into your body to keep you alive—if it were not for these vital salts you could not live.

Why not try one 85 cent bottle of these rejuvenating salts—a bottle lasts 4 weeks and one bottle is enough to prove to you that Kruschen will make you feel younger—spryer—more energetic—you'll enjoy life—every minute of it.

As one stout woman wrote: "Kruschen Salts are worth their weight in gold to me."

A half teaspoonful in a glass of hot water every morning is all you need to keep healthy—keep your stomach, liver, bowels and kidneys in splendid condition—free your system from harmful toxins and acids.
