

Early History of Silverton Region Now Being Compiled

NEW SOCIETY IS PROGRESSING

Silverton Historical Association Plans Museum and Collects Relics

SILVERTON, April 17.—The Silverton Historical society met Tuesday evening for its regular meeting. June Drake as president called the meeting to order and the minutes of the last meeting were read by Robert Allen, assistant secretary.

Mr. Drake appointed the following committee on constitution and by-laws: Robert Goetz, superintendent of Silverton schools, Percy Brown, secretary of the organization, and Theodore Opsund, local attorney.

Mr. Goetz was also asked to secure permission from the school board to place the cases which will contain a portion of the historical display, in the corridors of the Eugene Field building and other arrangements could be made. The securing of the show cases was left to Mr. Drake and Mr. Allen.

Data Being Collected

Considerable discussion was held concerning the collection of data of the early history of Silverton. The data collected are to cover the early history of schools, churches, city organization, lodges, musical organizations, besides all the usual information. Mr. Goetz suggested leaving the collecting of this to the social science classes of the high school, explaining that he was of the opinion that the students could secure the material in a better and more rapid manner than could individuals who were very busy with other matters. Mr. Goetz suggested that the gathering of such material would work in splendidly with the projects of the students. No definite decision was reached upon this matter at this meeting.

Relics Are Displayed

Three interesting relics were displayed at the meeting. One was a Fourth of July social ball ticket dated for Friday evening, July 2, 1875 with F. C. Geer, J. S. Greenwood, and Ira Fuller as managers. The tickets were priced at \$2.50 a couple and included both dinner and dancing. This ticket was in the possession of Superintendent Goetz. Mr. Drake displayed an old powder horn, the property of Neils Langsev, which was dated 1724. The horn was beautifully hand carved. Another object displayed at this meeting was an old gun, known as a "pepper box" which was brought across the plains in 1853 by Anson Hobart.

Other objects of interest will be displayed at the next meeting called for April 29th. Every one is invited to these meetings.

MILLIONS SUFFER AGONY WITH PILES

New Method of Treating Is Only Effective Remedy

Found A HOME TREATMENT GUARANTEED RESULTS

Everyone knows that piles and hemorrhoids are caused by swollen, dilated veins, but until the new method of internally treating piles was perfected nothing seemingly would relieve except an operation. Now, thanks to the chemists of Fulops, piles and hemorrhoids should soon be a thing of the past.

Only a person who has suffered long and terribly with piles can imagine how glorious it is to be free of such troubles, yet it can be done now. "The chemist said: 'Why can't we put a coating on a pill that when swallowed will not dissolve until it reaches the bowels? Then let it melt into a healing, soothing, pain banishing liquid that will help nature banish all signs of the trouble. Research resulted in the making of Colac Pile Pills and tests in thousands of cases prove it almost infallible. As one sufferer recently said:—'It is the only thing that ever helped me. For years I suffered terribly with piles. Could not work, stand up or lie down in comfort. It discouraged me to get no relief. Then one day a druggist friend told me about Colac Pile Pills—something entirely new—and I was desperate enough to try anything. To make a long story short, I got relief in two days and was cured in five, and haven't had a touch of piles since.' Mrs. John Quinan, Glens Falls, N. Y. WHY SUFFER ANY MORE?

Similar cases in thousands of instances have responded promptly to Colac Pile Pills. Druggists are authorized to refund money if any user isn't relieved. Each bottle bears the name and is backed up by the nationally known reputation of the Colac Chemical Co., Brentwood, Md., who gladly mail a full size bottle in plain wrapper to any address upon receipt of 25¢ stamps if your druggist hasn't them.

Chicken Thieves Busy at Rickey

RICKEY, April 17.—Chicken thieves are again busy in this vicinity. M. M. Magee reports the loss of about 35 Rhode Island Red hens.

Two more cases of chicken stealing in this community have been reported. T. Lauderback has had his henhouse broken into recently and W. Sheridan has also lost several chickens. The other case was that of Mr. M. Magee who has about 35 hens stolen.

POLK COURT DOCKET HEAVY

Accident Cases Occupy Attention of Judge and Jury

DALLAS, April 17.—The jury returned a verdict in favor of the defendant in the case of Harriet versus Fawk. Fawk was found not responsible for an accident which occurred near Brunk's corner last November. It was alleged that Fawk was driving without a tail light, causing a car heading the same direction to run into him and swerve across the highway, and the Harriet car ran into this car, causing injury to several passengers.

Wednesday the jury listened to another accident case, in which two cars were involved near the Craven place on the Dallas Salem highway. Smoke from a bonfire made it impossible for approaching cars to see each other. The suit of the parents of Holman and Hayes, the two youths who died as the results of an accident near Oak Villa last December, against J. C. Uglow, driver of the car which ran into the two who were endeavoring to push a car off the road, has been set for Friday.

It was a very rainy night and Uglow claims he was unable to see the boys, due to an approaching car. The plaintiffs claim he was driving fast and had defective brakes. Gregory and Barnhart of Dallas, and Winslow of Salem are attorneys for the plaintiffs, and Oscar Hayter of Dallas for the defendant.
