Aurora Community Shows Its Mettle and Quickly Retires Debt

AURORA, May 17.—The Mutual Telephone company has installed a telephone in the fire station. The telephone company has donated this service, to save time and confusion when a fire alarm is turned in.

By that time the fire apparatus is ready to go without delay, giving the department a better opportunity to reach the fire and give aid while it is yet under control.

Simple Instructions Given

The manager of the telephone company asks that these simple instructions be followed: When reporting a fire to central control your voice, speak distinctly and slowly. By doing so you add to the efficiency of the department.

In less than three months the indebtedness has been cleared on Aurora's new fire truck. The February 23. Three dances and the generosity of the people has wiped out all indebtedness.
