Walks Out On Lobby Probe Committee to Await Official Call

WASHINGTON, June 5.—(AP)—Left talking to themselves today by Bishop James Cannon, members of the senate lobby committee awaited return of Chairman Caraway to determine what they should do about the defiant churchman.

Calling back over his shoulder that he would be in his office if the committee wanted to subpoena him, Cannon walked out of the committee room while Senator Blaine, republican, Wisconsin, was asking him questions.

The bishop remained only long enough to tell the committee he was no longer a voluntary witness and he would answer no more questions whatever unless subpoenaed. He had refused to let the committee of his 1928 activities against Alfred E. Smith's candidacy.

## RELATIVES OF SALEM WOMAN IN WAR ZONE

Anxiety Expressed As To Safety of Missionaries Once Here

Nationalist Armies Still On The Run, Reports From Hunan Say

Considerable anxiety for the safety of her daughter and son-in-law, Mr. and Mrs. E. L. Silva, who are among the American missionaries and children stationed at Chengchow, China, has been expressed by Mrs. W. N. Coffee of this city.

The missionaries are in the midst of hostilities and communication has been completely cut off. A letter written April 19 was the last word received from them, says Mrs. Coffee.

Mr. and Mrs. Silva were in Salem last fall and Mrs. Silva spoke in different places during her stay here with her parents. They are on their second service in China, having left for the first over seven years ago.

Miss Geneva Sayre, of La Grande, another of the party at Chengchow is also a friend of the Coffees. She graduated from Monmouth normal several years ago.

**Nationalist Armies Still Retreating**  
SHANGHAI, June 5.—(AP)—The Nationalist government armies retreated today both in Hunan and Shantung provinces before victorious rebel onslaughts of widely separated battle fields.

Two other fronts—central Honan, north of Hankow, and along the Haichow-Tungkuang railway in northern Honan—the Nationalists were in precarious condition after a month of fighting with 400,000 men engaged on the opposing sides.

Because of civil war and banditry, conditions have become so unsettled that the foreign consuls of Hankow were reported today to have decided to urge foreigners to leave the provinces of Hupeh, Hunan and Kiangsi.

## MOTT STARTS HIS SPEAKERSHIP RACE

Letters Being Sent Out Now To Be Followed With Personal Calls

James W. Mott said Thursday that he would soon begin an active campaign for the speakership of the 1930 house. He began this week writing letters to all candidates sure of seats next January, seeking their support. Mr. Mott for three sessions represented Clatsop county and this year polled the greatest number of votes in Marion county.

Most contend that Frank J. Loneragan had something like 30 votes pledged to him at the end of the 1929 session for the 1931 speakership, but declares this strength of the Portland candidate has been broken up by results of the May primary election.

Only about half of Loneragan's pledges will return to the legislature, Mott said. "Some failed to be nominated and some were not candidates for nomination. Among the large group of certain members who are at liberty to support whom they please, the knowledge that Loneragan doubtless would organize, or attempt to organize the house against George Joseph, isn't doing Loneragan any good, so it seems to me that his chance for election to the speakership has crumbled. These members are assuming, of course, that Joseph will be governor."

## NEW BARRIERS FACING TARIFF BILL'S PASSAGE

Rules of Order Invoked By Democrats to Stave Off Progress

Move For Free Leather and Leather Goods Comes As Big Surprise

By D. HAROLD OLIVER  
WASHINGTON, June 5.—(AP)—The tariff bill ran up against four insurmountable barriers in the senate today but hurdled a fifth in the house and tonight was back in conference for the fourth time awaiting correction of its rate sections.

After Vice-President Curtis had upheld four democratic points of order against the conference rates on cheese, watch, jewels, rayons and a provision relating to temporary, free entry of cattle from Mexico and Canada for pastures, the house defeated 181 to 140, a minority proposal to instruct house managers to accept the senate's free listing of hides, leathers, and shoes.

The decision on the points of order automatically returned the bill to conference. Both houses reapportioned conferees and Senator Smoot, Utah, chairman of the senate conference committee, said he would call a meeting tomorrow in the hope the corrections could be made and the bill reported to the senate tomorrow or Monday, Saturday usually is an off day.

Appointment Regarded As Indication of Faith in Roy C. Lyle

SEATTLE, June 5.—(AP)—President Hoover's nomination today of Charles E. Allen of Seattle, for United States marshal of the western district of Washington, to succeed E. B. Bann, reopened the controversy over prohibition enforcement in this region and brought out sharply conflicting criticisms of the president's action.

Leaders who were active in the recent republican state convention at Bellingham, which specifically endorsed Bann for reappointment, interpreted the president as standing behind Senator Wesley L. Jones who publicly announced his belief in the innocence of Roy C. Lyle, federal prohibition administrator of Washington, Oregon and Alaska, recently indicted with four others for bribery and liquor conspiracy.

## TRIBAL FORCE ADVANCING ON INDIAN CITIES

Spotlight Stolen From Salt Raiders by Lashkar Advance in North

Revolt Against British Rule Appears to Be Spreading Fast

Roy C. Lyle, prohibition administrator for Washington and Alaska, against whom charges of conspiracy have been filed, Appointment of Wesley L. Jones as United States marshal in that district is taken as gesture indicating White House confidence in Lyle.

BOMBAY, June 5.—(AP)—Hostile bands on the northwestern frontier have taken the spotlight from the nationalist salt raiders in troubled India.

A warlike Lashkar (tribal force) of Afridis and Zakkas Khels tonight was advancing on the key city of Peshawar, and while authorities here felt that troops of the northwestern area would be adequate to deal with this advance, there was some consternation.

The Peshawar region has been in a troubled state for some time. The crisis arose on the night of May 28th when Nari Khwar, an outpost, was fired upon. On the same day some 3,000 Kuki Khel Afridis, carrying a red standard, assembled at Marya where they were joined May 30 by contingents from the Malkidra Khel Kamber and other Kuki Khels.
