

# FLOWER SHOW HUGE SUCCESS

### Exhibits May Be Viewed Today; Hundreds Visit Display Saturday

(Continued from page 1.)  
Mrs. E. E. Watkins, Knight Peary, Salem Seed and Orchard Supply, J. W. Maruny.

Marguerite Smith, little 12-year-old maid entered a delightful miniature pool with water lilies and all necessary things to make a lovely pool and in addition took a blue ribbon for floral arrangement.

**Numerous Awards Are Announced**  
Ribbons awarded Saturday afternoon were as follows:

**Section A, horticultural:**  
Cut roses—Best one rose in a single container, Mrs. William Eagles, first; Mrs. Myron Van Eaton, second. Best display of six different varieties, Mrs. J. H. Robnett, Albany, first; Best exhibit of new or rare roses, Mrs. M. Van Eaton, first; Mrs. Robnett, second. Best display of climbing or rambling roses, Mrs. Robnett, first; Margaret Smith, second. Best display of single roses, Mrs. Dan Fry, Sr., first; Mrs. Walter Pennington, second. Best display of 12 roses or more, Mrs. Clara Patterson, first; L. Beecroft, second.

**Cut delphiniums**—Best single stalk in one container, G. E. Slingman, first; W. A. Harkus, second. Best display of six stalks, H. C. Kruehl, Best display of 12 stalks, Mrs. Estella Kendall.

**Longspurred columbines**—Best single stalk, Mrs. W. M. Pinter, first; Mabel Creighton, second. Best display of 12 or more, Mabel Creighton, first; P. L. Brown, Silverton, second.

**Cut peonies**—Best display of three varieties, Mrs. H. W. Elgin, first; Mrs. M. Erickson, second.

**Cut perennials**—Best display from one garden, Mrs. B. C. Kuenzler, first; Best display of one variety, Mrs. E. M. Hoffnell, first; Mrs. Charles S. Weller, second.

**Rare flowers**—Best single specimen, Mrs. Finnelly, first.

**Cut sweet peas**—Best 15 stems, one color, Mrs. P. L. Brown, first; Edna Miller, second. Best 15 blooms, mixed, Mrs. M. R. Savage, first; B. M. Randall, second.

**Snappers**—Best display of 12 or more stalks, Mrs. S. R. Kennedy, first.

**Wild flowers**—Best display of several varieties, Priscilla Fry, Best collection of wild native Oregon wild flowers, Joan Newcomb.

**Flowering shrubs**—Best display of new or rare shrub, Mrs. W. H. Johnston, first.

**Low growing flowers**—Best display of pansies, Mrs. E. G. Brooks, first; Mabel Creighton, second. Best display of violas, Mrs. F. J. Blair, first.

**Section B, decorative, follow:**  
Cut roses—Best basket or bowl, Mrs. Dan Fry, Sr., first; Best basket or bowl, mixed colors, Mrs. J. H. Robnett, Albany, first; Mrs. J. H. Robnett, Albany, second; Mrs. J. H. Robnett, second.

**Columbines**—Best basket or bowl, Mabel Creighton, first. Flower arrangement—Best arrangement, container and flowers, both under 12 inches high, Margaret Smith, first, and Mabel Creighton, second; best arrangement, container and flowers together over 12 inches high, H. W. Elgin, first, and W. R. Kennedy, second.

**Table decoration**—Best flower decorated luncheon table, Mrs. Van Sellar Weider, first, and Dorothy Livesley, second.

**Section C, commercial displays, follow:**  
Cut flowers—Best display roses, Percy Brothers; best display of sweet peas, E. E. Watkins; best display any other one variety, delphinium, L. Sanford, Albany, first; J. W. Maruny, second; one variety, iris, Mrs. Lester Pearmaine, first, and Weeds Gardens, Beaverton, second.

**Potted plants**—Best single flowering plant in pot, F. Singer, first. Nursery display—Ernest Luter, first.

## Mrs. Clarke Is Golf Champion

TULSA, Okla., June 7.—(AP)—Mrs. Hulbert S. Clarke of Oklahoma, City won the 1930 championship of trans-Mississippi Golf association today, defeating Mrs. Dorothy Klutz Parde, of Sioux City, 6 and 5 in the 36th hole final match at the Tulsa Country club.

## Church Merger Plan Approved

ROCK ISLAND, Ill., June 7.—The Lutheran Augustana Synod voted tonight to become a part of the proposed American Lutheran conference, which if formed, would be composed of seven church bodies with a membership of more than one million.

## CUTOFF TO OPEN

EUGENE, Ore., June 7.—(AP)—The Salmon river cutoff from Grand Roads to the Roosevelt highway near Otis will be dedicated July 19 with a pageant depicting historical developments of Oregon presented at Sheridan. The pageant characters and officials will travel in a caravan over the new highway.

Miss Anne Whiteaker, of Eugene, daughter of John Whiteaker, first governor of Oregon, has been chosen as "Miss Oregon" for the pageant.

LEWIS ACQUITTED  
LOS ANGELES, June 7.—(AP)—Sheridan C. Lewis, former president of the defunct Julian Petroleum corporation, was acquitted today on charges of offering a \$10,000 bribe to a juror in a previous trial on fraud charges.

## WELSH IMMIGRANT BOY WINS FAME

SHOWING HOW HE USED TO DO IT

OCCUPIED KAISER'S SUITE ON LEVATHAN JAMES J. DAVIS.

From a lowly immigrant boy entering the land of opportunity through Old Castle Garden, New York City, James J. Davis has demonstrated that opportunity still exists for those who would grasp it. From an iron puddler at the age of sixteen, he filled the exalted post of Secretary of Labor of the United States and a few days ago won the Republican nomination for the Senate in the State of Pennsylvania, the State where he toiled as a young Welsh immigrant boy.

## World Record in 100 Yard Dash Smashed by Wykoff As U. S. C. Wins Big Meet

By CHARLES W. DUNKLEY  
CHICAGO, June 7.—(AP)—Move over Gallant Fox and make room for Frank Wykoff, another champion, smiling 20-year-old youngster of the University of Southern California.

Traveling faster than any human being has run 100 yards before, Wykoff eclipsed the world record for the century to thrill a crowd of 12,000 today when he won the event in the national collegiate track and field championships on Stagg field in 9.4.

Wykoff established his remarkable record without the use of starting blocks, wiping out the existing mark of 9.5 by Eddie Tolan of the University of Michigan's great negro sprinter. The youth from the coast with his boyish face and wavy blond hair not only eclipsed the record but also defeated George Simpson, the buckeye bullet from Ohio State university, who a year ago raced to victory in 9.4, but whose world record performance was rejected by the international amateur athletic federation because he made it with starting blocks.

**Southern California Collegiate Champion**  
Wykoff's sensational victory was instrumental in helping Southern California carry off the team championship, making the Trojans track and field champions of the nation. The Trojans, previous winners of the eastern intercollegiate and Pacific coast titles, annexed 57 27-70 (CQ) points with Washington finishing second with 49, giving the coast runner up laurels too. Iowa was fourth with 29 1-7, Ohio State fifth with 25. Forty three teams broke into the scoring in one of the most spectacular meets ever held in the country.

Besides Wykoff's world record another world mark was tied six records for the meet smashed and another meet record equaled. Only six of the 15 records established in eight previous N. C. A. A. meets survived the day's assault and most of them just by fractions.

The spectators had hardly settled in their seats to watch the first event of the program when a world record was tied. Stephen Anderson, Washington, equaled the world mark when he ran the 120 yard high hurdles in 14.4 to defeat Lee Sentman, the hurdling wizard of Illinois, heretofore undefeated this year. They raced as a team for 90 yards but the pace was too fast for Sentman and he faltered over the last two hurdles, allowing the champion of the far northwest to draw away and win by a yard. Sentman, however, got revenge in the 220-yard low hurdles, which he won by three yards to equal the meet record of 23.2.

**Simpson Gets His Revenge in 200**  
Another revenge was Simpson. The Buckeye star, beaten in the century, left no doubt as to his superiority in the 220-yard dash. He won at least five yards in 20.7, one tenth second slower than the world record but a tenth faster than the former N. C. A. A. record which he established a year ago.

Paul Jessup, six-foot seven-inch football center from the University of Washington, set a new record over the 100 yard dash with 15.0 feet, 9 3-8 inches.

Harold Manning, University of Wichita, accounted for a record in the two-mile run when he sprinted virtually all the way to set a mark of 9:13.1, 10.7 seconds better than the old record set by David Abbott, Illinois, in 1928. Manning won by 15 yards ahead of Brocksmith, Indiana, big ten champion.

The record breaking toss of 51 feet, 1 3-4 inches made by Harlow Rothert, Stanford, in the shot put

## BANKS TO PAY BANNER SHARE

### More Than \$225,000 Will Be Contributed in Excise, Intangibles Levies

(Continued from Page 1.)  
mission had estimated that the banks' share of the intangibles and excise tax would aggregate from \$5 to 40 per cent of the amount of tax previously received under the old law.

During the last year which banks paid taxes under the old bank share tax law the state received approximately \$650,000. The state will receive approximately \$350,000 under the excise and intangibles tax laws.

There also was some argument by opponents of the excise and intangibles tax laws that building and loan associations and other financial corporations would be compelled to pay the major part of the tax. Figures compiled by Mr. Carlin indicate that the banks and their stockholders will pay more than all the other financial corporations combined.

Mr. Carlin's statement shows that building and loan associations, investment bankers, bond dealers, finance companies, dealers in commercial paper and other miscellaneous, finance corporations, have paid only \$85,573, which is far less than the amount contributed by the banks and their stockholders under the new tax laws.

"Although the excise and intangibles tax laws are new in Oregon," said Carlin, "there was little complaint from the Senate in the State of Pennsylvania, the State where he toiled as a young Welsh immigrant boy."

## Canyonville to Reenact Stage Coach Episodes

ROSEBURG, Ore.—(AP)—Pioneer days are to be re-enacted at Canyonville July 4.

Canyonville was once one of the most important communities in southern Oregon, as it was the terminal for the California-Oregon stage lines and the freight and passenger wagon trains operating from Seaside, the principal port in the southern part of the state.

The completion of the railroad, however, brought heavy losses to the town until the paving of the Pacific highway caused the community to take on new life.

One of the old stage coaches that used to roll into Canyonville from California has been re-enacted and will be driven July 4 by Tom Burnett, veteran stage driver, who will lead the parade. Mrs. S. Russell, 80, whose father, George Roberts settled the land upon which Canyonville is located, will be queen of the celebration.

## District Closes School Year With Picnic

LAKE LABISH, June 7.—Perkins-Maplewood school will hold a picnic at the school grounds on Monday, June 9, celebrating the close of a most successful school year by Miss Thelma Barnett.

Unsettled weather conditions are responsible for the picnic being held among the school yards maples instead of the woodland. Everybody is invited. Basket dinner and field sports were among the features.

## Tong Fighting Believed Ended

NEW YORK, June 7.—(AP)—Tong warfare which in the last three days had taken six lives in Chicago, Everett, Mass., Newark and New York today was believed ended with the signing of a peace treaty by leaders of the On Leong and Hip Sing tongz.

## Bandits' Victim Lies Near Death

SAN FRANCISCO, June 7.—(AP)—Shot through the abdomen in what he said was an attempted holdup on Skyline boulevard near Fleishacker pool today, David Lindsay, 37 year old piano salesman, lay near death in a hospital here while police watched for his assailant.

## APPE TERRORIZES

NORWALK, O., June 7.—(AP)—A renewed hunt for a huge ape was planned here tonight as many residents in the western part of the city continued to be seriously frightened over reports that such a beast has been prowling in their neighborhood.

## PAN-AMERICAN FRIENDSHIP

President Herbert Hoover greeting Dr. Enrique Olaya, president-elect of Colombia. Dr. Olaya is one of the most popular men in South America today. White House emissaries and diplomats of foreign nations were among the welcoming group as the two changed tokens of Pan-American friendship.

## MECHANICAL EYES TO MATCH COLORS

By HOWARD BLAKESLEE (Associated Press Science Editor)  
NEW YORK (AP)—A pair of mechanical eyes that can match colors better than any woman has been produced at New York university. The device was announced by its inventor, Dr. H. H. Sheldon, professor of physics and incoming president of the society.

This new robot is as fast as the eye, its decisions instantaneous. Its eyes are two photo-electric cells. The colors to be compared are laid in front of them. A needle pointer between the eyes swings to the most expert eye. If the match is perfect the needle balances between the two cells, its point at zero on a scale. If the match is off, the needle swings to one side for too light, to the other for too dark and moreover it indicates on the scale exactly how far the match is off.

It registers color differences invisible to the most expert eye. This means, said Dr. Sheldon, that ultimately one more human task will be taken over by machines because they can do the job better. The colors to be compared

## JAMES MOTT HAS PROSPECT TO WIN

(Continued from Page 1.)  
Loneragan as speaker and to say that apart from Loneragan's candidacy, he would maintain neutrality.

The strength Loneragan had a year ago has waned due to the change impending in governors. One man, pledged to Loneragan, replied this week to Mott "I have been kicking myself ever since committing myself, especially in view of recent developments. There are several others in the same boat but I feel I will have to stay by my pledge."

Mott points out in his letter that he is not asking anyone to abandon his pledge. He does declare that his candidacy must be taken seriously. In short, the local attorney demands that the "band-wagon" vote be cognizant of his own strength.

In the 12 votes Mott is counting on, he includes those from Marion county. To date, these have not been pledged and Mott is acting upon the assumption that Marion county representatives cannot do other than support their own man. Just how favorable the other representa-

## NOTES ON TREATY AGAIN DEMANDED

WASHINGTON, June 7.—(AP)—Standing by his demand for the exchange of notes leading to the London naval conference, Senator Johnson, republican, California, today replied in a formal statement to President Hoover's refusal with the declaration that "it cannot be avoided by any pretense of safeguarding delicate international secrets."

Johnson quoted the treaty-making powers granted by the constitution and asserted "the duty of the senate is as important and solemn as that of the president" in treaty negotiations. The Californian, who is leading the opposition to the agreement, also challenged the contention made yesterday by Secretary Stimson that President Hoover had adopted a course similar to that pursued by George Washington when the first president declined to give some foreign notes to the house.

He said Stimson had not quoted all of Washington's statement and had failed to show that the first president did turn over the papers in question to the senate which alone has the right to pass upon the treaties.

## Freshman-Soph Tug of War Is Slated Tuesday

DALLAS, June 7.—The annual tug-of-war between the freshman and sophomore classes will be held Tuesday, June 10 at 2:30 p. m. This is pulled across the Laclede near the bridge on the Salem highway. The losing side will be forced to take a ducking in the stream.

The tug-of-war was started a few years ago to replace the usual hazing of incoming freshmen. The first two years the fight was close. The freshmen lost by less than two feet of rope each year. Last year the sophomores, present junior class, set a record by pulling the rooks into the creek in 2 1/2 minutes flat. The teams are supposed to pull for five minutes.

Immediately after the tug-of-war there will be an exhibit in the high school by the domestic science and manual training classes.

**SILVERTON GETS GAS**  
SILVERTON, June 7.—Silverton householders will be able to use gas for cooking and heating purposes before so very many months, according to the decision given at the last meeting of the city council when by unanimous vote, the council granted to the Portland Coke and Gas company a franchise under the provisions of which that corporation is permitted to lay mains in the streets of Silverton and supply gas to

## NEW CORN REMEDY IS GUARANTEED

Will Stop Pain Instantly And Remove Corn or Money Refunded

6 WAFERS FOR 10c NOT LIKE THE REST

If you've tried all sorts of corn remedies without getting the relief expected, risk a dime and try "O-Joy Corn Wafers." The wonderful new remedy guaranteed to stop pain at once and quickly remove corn, callous, roots and all or money back.

No thick doughnut-shaped pads or burning acids—just a tiny, thin as paper wafer. Press one on the corn with finger and it sticks there. Away goes pain, shoes don't hurt, blisters if you like. No inconvenience, worry or bother. Six O-Joy Corn Wafers for a dime at drug stores.

## TO WHOM IT MAY CONCERN

BE IT KNOWN—That the Cooperative Realty & Sales Company or any person connected therewith has no part or share directly or indirectly in any capacity whatsoever in the sale of Apple Venders in any territory.

APPLE VENDER COMPANY

George C. Elford )

consumers. Work will be begun as soon as the materials can be assembled.

## Tariff to Pass With Two Votes Margin, Figured

WASHINGTON, June 7.—(AP)—Conceding the opposition the majority of the doubtful votes, senate republican leaders today figured, with all senators accounted for, the tariff bill would pass the senate last next week by 49 to 47.

This will not be the actual vote because at least half a dozen senators are expected to be absent and paired but whatever it may be the bill's proponents calculated two ballots would carry the long pending legislation over its biggest hurdle and obviate the necessity of Vice President Curtis breaking a tie to pass it.

## Morrow Favors Pact Adoption

PATERSON, N. J., June 7.—(AP)—Speaking in the interest of his candidacy for the republican nomination for senator, Ambassador Dwight W. Morrow at a mass meeting tonight urged ratification of the London naval treaty. It was the first time he discussed the treaty in his campaign.

## Eyes Finest Effort of Nature

At the head of all human senses stands the glorious sense of sight. The eye is the last and finest effort of nature in the evolution of the sense organs. Vision largely usurps the work of reporting the outer world to the mind.

Through artificial lighting devices and man's own abuse, the eyes are the most over-worked of the sense organs. Years of scientific research and experiments have perfected instruments for testing the eye.

Science has turned with full knowledge from a study of the eye to the perfection of the lens with which to aid the eye. The marvelous corrective and protective features developed in soft light lens are among this country's achievements in optical science.

Harsh light, unfiltered, unshaded, glaring light, has caused more eye trouble in the last few years than all other sources of sight impairment. These super-lens have the uncanny quality of permitting transit to rays that help you to see while preventing passage of the searing rays of glare that torture heads and nerves.

This remarkable lens completely purges light of the glare that scourges sight. The eye that is distorted by brutally brilliant light is much less responsive to corrective adjustment.

The work of the expert Optometrist bears fruit far faster when the eye muscles are not under strain. Proper lenses relax the eye by their own qualities of light filtration; they build up vision through the qualities they gain when ground to the focal prescription of your Optometrist.

... about your health

**Diet - Don't Die Yet**

"Perhaps if we diet we won't die yet." Thus did the Toledo Blade recently express a big truth in few words.

The subject of diet is undoubtedly one of the greatest factors of the present day as relates to health.

Proper diet enables stout people to reduce, thin people to put on flesh. It helps to reduce high blood pressure and does so in a most effective manner.

Of course—as is the case of most other things which help to control health—it is best practiced under your physician's direction.

Whenever you need to improve your health go to your physician for guidance.

And when medicine is prescribed remember that we specialize in such work.
