

definite statement as to the local-ity or identity of the disease, but that his remarks apparently were intended to emphasize the necessity of frequent and thorough fruit inspections by county fruit inspectors.

Glatt charged that newspapers sent out distorted stories in connection with Merriam's statement, and that these did not give the facts.

John W. Ramage and H. F. Butterfield, also of Woodburn, gave testimony similar to that offered by Mr. Glatt. Butterfield declared that Merriam made no reference to injury of a million and western Wisconsin late Fridollar industry.
