

PLAYGROUNDS OPEN MONDAY

Hundreds of Children Will Find Safe Recreation at Three Centers

Scores of Salem children, and not a few mothers, will rejoice Monday with the opening of the annual playground season. Three grounds, the 14th street, Yew Park and Lincoln ones, will see supervised play activities again this year.

Extensive plans have been made to make the present season a full and profitable one for the children, reports Mrs. Grace S. Wolgamott, who is directing activities this summer.

The past few days men have been working putting the grounds, and especially the 14th street playground, into shape for the season. Much of the equipment at that place was destroyed by vandals following the season last year, and as a result extensive repairs have been necessary.

Swimming Hole at 14th Street Attracts

The 14th street ground is the only one with a swimming hole, and on this account attracts children from all over the city. The hole has been deepened this year, and is now eight feet deep in two places. Dressing rooms have been constructed. All swings, teeter boards, slides, gliders, rinks and horizontal bars have been placed preparatory to the opening Monday.

In Addition to all the play which the apparatus just named will produce, there will be a story hour, organized games and handicraft exercises at each playground.

Life Guard Will Be in Attendance

A life guard, Irving Hale, will be on duty at the swimming hole every day except Sunday from 10 to 6 o'clock in the afternoon.

Mrs. Wolgamott, the director, urges that parents do not allow children, and especially the beginning swimmers, to go to the pool at times other than when the guard is there. In view of the depth of the pool, unsupervised swimming for the less able swimmers is apt to result in a tragedy, she warns.

For the first week, the following schedule for swimmers has been arranged:

1:00-2:00—boys; 2:00-3:00—girls; 3:00-4:00—girls; 4:00-5:00—girls; 5:00-6:00—boys and girls.

Miss Esther Lisle, who had the Yew Park playground last year, will be at Lincoln this year; Miss Claudia Plank, new to this work, will be at Yew Park; and Irlwin Adams and Mrs. Wolgamott will be at the 14th street grounds.

A number of tournaments are being planned to add zest to the activities this summer.

Netted Gems and Burbank Potatoes Prove Favorites

The potatoes sold on the Portland markets the past season have been of high quality, declares the inspector under this state department. Several experiments were carried out to determine the variety which should be used for different purposes.

These trials demonstrated that the large netted gems are first choice as bakers, due to their dry, mealy texture and thick peel. Redmond and Klamath Falls produce netted gems popular with the trade for general purposes as they are of a desirable size and there is a minimum loss in peeling.

The Burbanks from the Willamette valley and Clarke county, Washington, are first choice for mashing, making French fries and in the manufacture of potato chips. Five carloads of Burbanks from the Willamette valley topped the potato-chip in California in price the past season. The Burbanks have proven to have the best keeping quality of any variety in local storage during 1929.

Amity

Mr. and Mrs. K. McCallan spent most of last week at the home of her parents, Mr. and Mrs. Guy Nott.

Mrs. Ralph Ballou had the misfortune of having her leg rebroken at the ankle last Friday afternoon.

Miss Ida Gosnell of Ashland is visiting at the Earnest Groves home.

Mr. and Mrs. Ensel Robbins have moved from McMinnville and are located in the Fred Ruble residence.

Paul Brown is spending a few days at the home of his mother, Mrs. Martha Brown.

Mrs. Hitchens of Seattle is spending a few weeks with her daughter, Mrs. Lynn McCarty.

Miss Pearl Allen who has been teaching at Hillsboro, is visiting her mother, Mrs. Olive Allen.

Miss Vera Booth is home for the summer vacation. She has been teaching at Marshfield.

Mrs. George Hammond and

daughter Gloria of Seattle, are visiting at her mother's, Mrs. Etta Day.

E. A. Davis and family moved to Redmond, Washington, on Thursday.

Mr. and Mrs. E. B. Bench of Seattle spent Thursday evening at the home of their daughter, Mrs. J. R. Snodgrass.

Mrs. Susie Pottier of Kirkland, Wash., was a caller at the J. R. Snodgrass home during the week.

Mrs. Pearl Snodgrass, Mr. and Mrs. L. F. Courtyman and Mrs. Rose Robbins attended the commencement exercises Thursday evening. Mrs. Snodgrass is from McMinnville while the others are from Portland.

Reception For Richard E. Byrd Gotham's Plan

NEW YORK, June 14.—(AP) New York City hall will present Rear Admiral Richard E. Byrd a banquet of himself looking down on a scene in the Antarctic, during the elaborate reception planned for his arrival here Thursday. Each of his crew will be given a medal.

A ceremony June 26 at the opening and dedication of Floy Bennett Field, the city's first municipal air terminal, will be a feature of the reception.

STUDENT IS VICTIM

ENGLENE, Ore., June 13.—(AP) — Edwin Otis, who was killed in an automobile accident at Dunsmuir, Cal., Thursday was a sophomore in sociology at the University of Oregon.

Correct Lenses Subdue Glare

Are Your Eyes Equal to Your Needs?

Sunshine is healthful, but glare is annoying and harmful to the eyes. At this season, especially, everybody welcomes relief from glaring light.

Glare is a general condition—there is no relief from it except through glasses with lenses made especially to effectually absorb the excess light and brilliant reflections. Optometrists have glasses which do this safely, comfortably and inconspicuously.

With these glasses you are also enabled to drive your car at night without being blinded by oncoming headlights. They are made with lenses suitable for every indoor and outdoor activity.

You'll surely want a pair for driving, golfing, fishing, vacation trips, to wear at the game and countless other needs.

To the youth seeking employment, the skilled artisan or mechanic, the man or woman seeking to get the most out of life and looking for success, the first desideratum is clear, efficient eyesight.

Properly fitted glasses are buoys of hope to shipwrecked eyes. They save sight, relieve eyestrain, dispel the gloom of defective vision and render a service beyond price.
