Turner Pastors Sermon Unique

TURNER, June 17 — Rev. W. S. Burgoyne, pastor of the Methodist Episcopal church, took for the theme for his morning service Sunday, "Speak Unto the Children of Israel That They May Go Forward," with the application that the Turner people ought to see the need of remodeling their church building, as another room is badly needed for the use of the Sunday school and for social purposes.

Perhaps the most practical plan would be to raise the building and finish a basement room, as has been done in a number of places with the same type of building. This is a day when church people must see the need for more fellowship and the social life must have a chance to develop. There must be some suitable place for the young people and their activities.

Mention was made that next Sunday would be the last preaching day before the general conference, and the present prospect is for all obligations to be met and that much gratification was felt for the working out of the well laid plans, made by the church officials.

In a cigarette it's Self-Reliance

in a cigarette it's Taste

KEEPING ONE'S HEAD — in the flush of the game or in the flush of victory — that's the measure of true sportsmanship.

KEEPING AROMA AND GOOD TASTE in every Chesterfield without loss or variation — that's the simple ABC of Chesterfield's ever-mounting popularity.

MILD, YES — BUT SOMETHING MORE — Chesterfield offers richness, aroma, satisfying flavor — all the result of fine tobaccos, skillfully blended and cross-blended, and all summed up in three words . . .

"TASTE above everything".

We state it as our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price. LOGGITT & MYERS TOBACCO CO.
