

Silverton Chamber Guarantees Money for Air Show in July

50 PLANES TO FLY IN EVENT

Nominal Charge to Be Made and Net Proceeds to go To Airport Fund

SILVERTON, June 19—The Silverton chamber of commerce carried a motion at its Wednesday night meeting to advance the money necessary to guarantee the airplane show which the local post of the American Legion plans to sponsor here in July.

The show is being put on by the Northwest Division of Aeronautics. It will include 50 planes of various makes from the smallest to the larger planes. It will also show the newer planes on the market.

Business to Cooperate
The decision was also taken Wednesday night that all local business houses close for the three or four hours that the show will be held at the airport. A nominal entrance fee will be charged and should there be any profit from the show this will be used on the airport. The president urged all visitors, both from Silverton and elsewhere, to drive into the port and not to park along the highway.

Another matter of particular interest brought up at the meeting was that of holding a community fair. The chamber of commerce went on record as supporting the annual fair which is usually held in September. Matters of arrangement were left in the hands of the board of directors which holds a special meeting Friday evening of this week.

Chamber Plans Vacation
The chamber of commerce voted to discontinue monthly dinners during the months of July and August and resume them again in September. However, the Monday noon luncheons will be continued throughout the summer and any business to be transacted by the chamber will be carried out at these.
