# ROAD VIEWERS COMPLETE JOB

## Detroit-Whitewater Route Laid Out; Sidehill Survey Selected

Road viewers and County Engineer Hedda Swart, working the past few days on the Detroit-Whitewater section of the proposed North Santiam highway, returned late Friday from that section. County Judge Siegmund who went up with Swart to the territory Tuesday, returned earlier.

The road route along the side hill, rather than the lower survey along the railroad track, was selected and viewers spent Friday estimating value of damages to be allowed and will file their report with the county court shortly.

The upper route, which is only a few hundred feet from the tracks or lower route, was selected partly because it avoids cutting into a larger number of residence.

**Lumbermen Invited**—All lumbermen of the valley are invited to the lumbermen's picnic at Hazel Green Sunday instead of just the Spaulding Lumber company's employees as was incorrectly stated in Friday's Statesman. An interesting program of sports and games is planned with the interest centered on a baseball game between Spaulding employees and the "lumber world," those outside of the Spaulding plants.

**Licensed to Wed**—Marriage licenses were issued here yesterday to Elton Ralston, 44, Molalla druggist, and Gladys Ralston, Molalla housewife; and to Oscar W. White, 26, 186 1/2 Trade, Salem, and Helen G. Sander, 25, same address. Both couples were married here yesterday, the justice of the peace performing the ceremony for the former and Rev. O. A. White for the latter.

**Reports Made**—Reports on sale of real property in several estates were filed yesterday with the county court, these being made by Brenton Vedder, executor of the estate of Mary E. Vedder; Amy Webb, Nettie Myers and C. H. Brewer, executors of the estate of Mary Ellen Brewer; and W. T. Stolz, executor of the estate of Lenta D. Westcott.

**Appoint Administrator**—James G. Heltzel has been appointed administrator of the estate of Donald W. Miles. Probable value is \$10,000. Roy Burton, J. Fuhrer and Henry Compton have been named appraisers.

sites than the other route. It is expected work on the highway in this section will start as soon as possible after the court has passed on viewers' report. In event condemnation proceedings are necessarily to obtain some of the lands, work will be delayed proportionately longer.

The government has a shovel now at work cutting a narrow road around the side hill on the road about a half mile above the new mill there. Workers there reported that the government expected to run the road up to Whitewater this summer, nearly 12 miles above Detroit.

# DR. WARNER PLANS BERKELEY COURSE

Dr. Estella Ford Warner will leave Wednesday for the University of California at Berkeley, where she will attend summer school, studying health education. Miss Beatrice Walton and Miss Mabel Robertson, dean of girls in the high school here, will be there with her. Miss Walton now in Oakland will study law and Miss Robertson education.

Dr. Warner and Miss Robertson will drive down, making the trip over the Redwood highway. Dr. Warner will return to Salem the middle of August, and after staying here a short time will go to New York the first of September where will be in the Commonwealth Fund offices until October 1.

She will return to Oregon with Dr. William French, director of the division of public health, and Miss Theresa Kraker, assistant, who will be in Portland following up the former application of the medical school and state board of health for the new public health program proposed for Oregon. Dr. Warner will be here until the first of the year doing special work in the office of Dr. Frederick Stricker, state health officer.

Mrs. Estella G. Ford, Dr. Warner's mother, and Mrs. Sarah Green, her grandmother, will remain in Salem until Dr. Warner returns from California, when they will go to Portland to make their home.

**Special emphasis is being placed this summer on pre-school children's clinics, according to word from the Salem health center. It is urged that parents of children who will start to school next fall send their boys and girls to the regular health clinics this summer, thereby giving them early advantage of health precautions which they would get later through the school clinics.**

# GRAD MANAGER RECOMMENDED

## Improvement is Sought in Method of Handling S. H. S. Business

Recommendation that a graduate manager system of conducting student affairs at the Salem high school be installed next year, and that the Clarion newspaper manager's commission be retained is contained in the yearly report of Albert DeWalt, finance supervisor for the student body.

DeWalt, instructor in the commercial department, submitted his annual report yesterday, the report showing an especially good financial condition at the close of the year, with a cash balance of \$1,666.89 available when books closed.

DeWalt's recommendation that the manager's commission be retained will be viewed with considerable interest by students, inasmuch as this question came up near the end of the school year and managed to cause considerable feeling, both pro and con, in the already strained atmosphere at the high school.

**Plan Opposed**  
The Clarion newspaper came out flat-footed against a manager's commission, and Principal Fred Wolf was generally believed to hold the same views. Students believed that Wolf will himself take the manager's commission away this fall following failure of the proposition to come to a student vote before the close of school.

Concerning the graduate manager's plan, DeWalt recommends that the manager work with the student council and be given control over all financial activities, with all student and faculty managers to be under his direction and subject only to appeal to the principal.

Both high school publications, the report shows, earned a nice profit for the year, the Clarion newspaper showing a profit of \$174.84 and the annual \$113.08. Few high school publications fall into this self-supporting class, the report states. It is because the Clarion is one of the best financed high school papers on the coast that DeWalt suggests the present arrangement with the manager be continued.

**Football Shows Profit for Season**  
Football, for the first time in a number of years, showed a profit of \$73.68, \$1,225.45 being received and \$1,151.77 paid out on that sport during the year. Basketball suffered a disastrous year, the books showing a deficit of \$126.22. The budget was not exceeded, however as \$150 was allowed for this activity. Total receipts for the year were \$1,160.24.

Among the five reasons given for this poor record are: failure of the town to support a green team which later developed into championship contenders and equipment of two teams for the first time. Baseball showed in the red, but a budget appropriation of \$3.95 reduced the loss to \$3.95. Track spent \$121 with no income.

**Centennial Plan Will Be Worked Out At Meeting**  
Plans are being made by the Champeog Historical Highway association to participate in the 100th anniversary of the Oregon Trail by a big program and picnic at the Champeog Memorial park on July 27.

The general committee meets Thursday night at the Hubbard Mineral Springs hotel to further work out details for the coming celebration.
