# India Natives Have Made Phenomenal Progress Says J. Kamesam, Salem Visitor

"You Americans and others not of our country think of India as a very backward nation, and one particularly with an educational system dependent upon England."

Barring his brown skin which even continual golfing couldn't produce, and a slight accent as he talked, Kamesam might have been any young American of say 35 years, bubbling over with enthusiasm at the gigantic strides his country had made in amazingly short time.

In fact, Kamesam himself says still that in a school generation—15 years at the most—India has thrown off the dependence upon England and education abroad.

English Mastered By Thousands  
"I myself learned all the English I had before coming to your country in school in India; there are any number of Indians who can speak your language as well as I do."

By the way, this man came to Salem to confer with C. B. McCullough, bridge engineer for the highway department, upon matters relative to that office. Mr. Kamesam arrived in this country four months ago and will be here until January 1, to make a study and survey of preservation and uses of timber in this county.

Public Utilities All State Owned  
In India, all public utilities are operated and controlled by the government, including forests, railways and telegraphs, to which three utilities Kamesam's research here will be particularly valuable.

India is far ahead of this country in preservation of the forests, the visitor told, saying that one-fourth of the forest area there is reserved and only the annual growth of timber is permitted to be cut.

"Your cities are more or less like ours; but even Europe doesn't compare to America, none of us touch the vitality that is always about you people."

There is scarcely an employment problem in India, he said. For how could there be? There

the common laborer earns about 25 cents a day and the skilled laborer earns 10 cents more. India is still a very poor country, he said.

Child Marriage  
Take All Husbands  
Upsetting some illusions here, he spoke:

Ninety-five per cent of the administrative officers in India are natives.

But Kamesam is especially exuberant over the tremendous phenomenon in the educational progress in India: it is symbolized in the fact that parents of man after man who now leads the India government could not speak a word of the English language. It has all come about in one school generation.

# CENSUS INDICATES MUCH PRODUCTION

(Continued from Page 1.) counties of the country where fruit and nut growing is a major industry. Tillamook, in this district, was therefore not included.

Only fruit and nut schedules were turned in where there was a farm schedule. The total shows, for the three counties, 9402 farms, and 7750 fruit and nut schedules, divided as follows: Marion, 4829 farms and 4063 with fruit and nuts, one or both; Yamhill, 2895 farms and 2343 with fruit and nut schedules, and Polk with 1877 farms shows 1234 of them with fruits and nuts, or one or both.

There were a good many incidental fruit and nut schedules turned in for the cities and towns and suburbs, where there was no farm schedule, owing to the smallness of the tract or the fact that it did not have \$250 worth of products last year. There was no attempt to keep track of these in the Salem office. When the final figures are given out at Washington, they will probably show that Marion county, and perhaps Yamhill and Polk, have as many fruit and nut growers as farms, or nearly as many.

# 100 Applicants Seek Admission To Oregon Bar

Approximately 100 persons will write in the state bar examinations to be held in Salem July 5 and 9, according to announcement made here Friday by Arthur S. Benson, clerk of the state supreme court.

# CLAXTER RESIDENT DIES AT HOSPITAL

William Rickman, prominent farmer of the Claxter district north of Salem and superintendent of the Producers' Cooperative Packing company on North Commercial street, died at the Salem General hospital Friday morning.

About a month ago Rickman was troubled with an attack of tonsillitis. Complications set in and he was taken to the hospital two weeks ago for care and he died there early Friday. He was 49 years old, and had been a resident of the Claxter district since coming to Oregon as a boy of 13. He was born in Missouri.

Rickman leaves his widow, Mable Rickman, two sisters, Mrs. W. E. Beckley, a brother John Bates, father, J. L. Bates, and a niece, Miss Gladys Kearns all Salem residents.

Funeral services will be Monday afternoon at 3 o'clock from the Clough-Taylor chapel with Rev. F. C. Taylor officiating. Interment will be at City View cemetery.

# Mrs. A. Reynolds Dies at Home of Daughter Here

Mrs. A. Reynolds, 76, died Friday at the home of her daughter, Mrs. George Allen, 29 North 13th street, following a prolonged illness. She had been an invalid for many years.

Mrs. Reynolds had made her home with her daughter in Salem for 10 years, and has been a resident of Oregon for nearly 20 years. She was born in St. Louis May 20, 1854. Her husband died several years ago.

Besides Mrs. Allen, she leaves three sons, E. A. and J. A. Reynolds, Yamhill, and T. C. Reynolds of Hillsboro. Funeral arrangements are to be made later from Clough-Taylor company.

# Invitations For Conventions Here Next Year Sent

More invitations to various organizations to hold their conventions in 1931 in Salem were being sent out Friday by the chamber of commerce.

F. A. Baker, local rural mail carrier, was entrusted with a message to the Oregon State Letter Carrier's association asking that group to come to Salem next year. Baker goes to the 1930 convention today.

Rev. Maxie Clark, pastor of the Pentecostal church of God, was entrusted with an invitation for the next district state gathering of the churchmen to be held locally.

Miss Mary Rose Rob of Detroit, Michigan, is expected at the home of her uncle and aunt, Mr. and Mrs. S. Pfeiffaut of Skinner street. She will spend the summer here also Mr. and Mrs. A. Engelhart of Gervais, also her relatives.

Mrs. Spencer Green is spending a few weeks with her sister-in-law, Mrs. Ray Stumbo of Rosemont avenue.

Dr. and Mrs. Strabren and family of Salem recently moved to their new home at 1340 Skinner street.

All Lowellther of Blodgett was a recent visitor in West Salem at the home of his aunt, Mrs. L. E. Davis, of Ruge street.

Mr. and Mrs. George Tandy of Gerth avenue, have improved their home with a new coat of paint.

Mrs. Julia Henningsen of Roberts was a Friday visitor at the home of her daughter-in-law, Mrs. A. C. Henningsen of Ruge street.

The Boy Scouts, under the leadership of A. C. Henningsen, left Tuesday evening for Vida Springs where they held their regular meeting and enjoyed cooking their own picnic supper.

Mrs. Priscilla Bosanke has returned to her home on Ruge street after a week's visit with Miss Ruth Nelson of Chemawa.

A family group met at the home of Mr. and Mrs. S. Pfeiffaut Sunday to honor the 62nd birthday of Mr. Pfeiffaut with a lovely dinner. Covers were laid for the following: Mr. and Mrs. C. E. Greene and family, Teresa Mae, Margaret Rose and Charles Pfeiffaut and Cecelia Greene of West Salem, Mrs. A. Engelhart of Gervais and Mr. and Mrs. S. Pfeiffaut of West Salem.

# Here, There And You Bits of Personal News Gleaned About Interesting People

Stopping here briefly yesterday on his way back to Oakland, Calif., from New York City, M. M. J. Hunt, buyer for a large nut and candy concern, had little optimism to spread about conditions in the middle west states.

However, there was noticeable pick up in business activity after he reached Montana and Utah on the trip back west, he said. But even in the middle west, Hunt said his company did its usual good line of business so he personally could make no complaint. He will leave shortly for Brazil and India on a tropical nut buying trip for his company.

Mr. and Mrs. L. D. Bragg of Medford were guests at the Marion yesterday.

T. T. Mackenzie, who will be in Salem after the first of August to make his home, was a visitor in the city yesterday from Corvallis, where he is attending summer school. He registers with Supt. George W. Hug on matters relative to vocational education in the high and junior high schools here. Mackenzie was recently elected to position of director of vocational work here. He is enthusiastic about the work, which he is now lining up.

J. E. Brown, registered at the Senator, finds in his travels up and down the valley that the number of "bums" along the highway is increasing. "Wednesday there were more genuine bums on the road than I've seen for years," he said. "Most of them didn't even seem to be carrying an extra handkerchief." Brown is one of the many who have heard that people are flocking by the hundreds to Lebanon, attracted by the possibility of obtaining work on the proposed railway extension. It is reported that they are given five gallons of gas to get out of the town. Brown says:

"Redwood City has high hopes of becoming a terminal for the Western Pacific," declared Ramon E. Dimick of that city, in Salem Friday to visit friends. "About \$50,000 was recently voted to improve the harbor of the town, and an added inducement for the railroad to extend its lines." Dimick.

Mr. Bloch recited the adage to the effect that the machine is an instrument of the devil and declared he was inclined to see some truth in the statement. Lack of steady employment works havoc with the economy of a country, Bloch declares.

# Veterans' Sons Report Eugene Meet Success

U. G. Boyer, commander of the local order of Sons of Union Veterans of the Civil War, reports a most interesting convention at Eugene. While there for several days he and Department Organizer Charles Fessenden of Salem, laid the foundation for organizing a sons camp there.

The required number have been signed up to organize and many more are ready to sign up as soon as their fathers' war records can be secured. A delegation from the Salem organization will go down as soon as arrangements can be made, to perfect the organization. Ten camps were represented. Glen Adams of the Salem camp was put in line for division commander. The Salem camp was well honored at the election. The commandship went to Grants Pass for the coming year.

# FURNITURE MERGER EFFECT NOTED HERE

The recent merger of the Doernbecher Manufacturing company and other furniture manufacturing concerns will not effect local retailers except in the economies made possible by that action, said H. L. Stiff, of the Stiff Furniture company Friday.

The merger is merely an outgrowth of one proposed last year, he said. At that time it was planned to include a number of retailing concerns in the merger, but that plan "fell through," it is reported.

However, economies which can be effected only by mass production will be realized not only by the retailers themselves, but by their customers, Stiff stated. The purpose of the merger as revealed in the announcement of the Doernbecher company is to "render a more comprehensive and better service in every respect to furniture dealer and customer and to improve and uphold the entire furniture industry of the west."

The merger includes most of the prominent manufacturers on the west coast and forms a \$20,000,000 corporation.
