Immediately following the ceremony they will leave for an extended trip to the east. They will be in Chicago, Washington, D. C., Atlantic City and New York City. According to present plans the return trip will be made over the Canadian Pacific and will include stops at Montreal, Banff and Lake Louise. It is expected they will be gone at least a month.

Chorus Picnic Proves Success

Later the crowd met at the Clemens' pavilion for an old-fashioned sing of old time songs. Dr. Epley talked of the year's work and expressed his appreciation of the work performed by his co-workers. A vote of thanks was extended to Dr. Epley and all other officers of the chorus for their faithful service during this year.

The business meeting will be for the purpose of getting in all reports of the committee heads and making this into a combined report to be sent to the state judges who will compile a complete chart of points made by the various auxiliaries of the state. The auxiliaries are rated according to number of points and these are to be announced at the state convention in Baker in August. The reports will include all the work done by the committees during the year.

A second meeting of interest to the Auxiliary will be the regular meeting which is scheduled for July 7 at which time an election will be held to fill the vacancy left in the office of vice president. Mrs. G. A. Sherman has resigned this position because she will soon be leaving Salem and this auxiliary.

Interesting Recital Draws Attention

Waller hall was completely filled Thursday night for the piano recital given by students of Prof. and Mrs. T. S. Roberts. The performers were with a few exceptions very small folk and they performed with exceptional poise.

An outstanding feature of the program was the five and seven piano numbers given by little

folk, many of whom had all they could do to reach the pedals. The final seven piano number was performed with three children to each piano and there was an amazing smoothness of performance, each little musician accurately observing his own responsibility.

Doris Cramer, Dorothy Butte, Ruth Jean Garnjobst, Barbara Kurtz, Elisabeth Lewis, and Ruth Johnson were presented with Dunning pins in verification of three years work done in this music.

The SECOND STEP is TONING

LESSON NUMBER TWO—In the first lesson of this series Miss Arden told you how to cleanse your skin scientifically. Here she explains the second step in her famous Beauty Treatments—TONING.

A SALLOW skin is a sleepy skin. It indicates that a tired or lazy circulation is making mischief for you—dull eyes, muddy color, coarse pores. My Skin Tonic and Special Astringent act as definite stimulants. The gently bracing effects of Skin Tonic make it desirable for all types of skin, while Special Astringent is indispensable for the skin which requires more vigorous treatment.

After the skin has been completely cleansed, following the directions I gave you last month, it is ready for Toning. This may be done by means of a pad of absorbent cotton shaped conveniently for patting and squeezed out in cold water. It is better, however, to use the special Patter which I have designed, so that you may secure for yourself at home the same brisk, effective strokes given in my Salon Treatments by the deft fingers of my trained Assistants.

Cover the head of the patter with cotton held in place by an elastic band. Moisten this pad either with cold water or by direct contact with ice. (The toning and tightening effects are greatly increased by chilling.) Next, saturate the cotton either with Skin Tonic or Astringent and you are ready for a most revivifying experience. Beginning at the base of the throat, work upward toward

THE PREPARATIONS REQUIRED IN THIS LESSON ARE:

- VENETIAN SPECIAL ASTRINGENT For facial checks and neck. Lifts and strengthens the tone, tightens the skin and restores the complexion. \$1.25, \$2.50.
- VENETIAN ARDEN SKIN TONIC Tones face, and whitens the skin and keeps tissue healthy. Use with and after Cleansing Cream. \$1.25, \$2.50, \$5.
- VENETIAN MUSCLE OIL A penetrating oil rich in vitamins which remove wrinkles, smooths and softens the skin and removes blemishes. \$1.25, \$2.50, \$5.
- VENETIAN PORE CREAM Creams out impurities, contracts open pores, corrects their irregularity, smooths over coarse pores and blemishes. \$1.25, \$2.50.
- ARDEN VENETIAN PATTERN Round and flat, with unique flexibility of handle which gives comprehensive strokes without effort. \$1.25, \$2.50, \$5.

the back of the neck. Pat confidently, with a definite upward stroke.

Next pat away every suspicion of a jowl . . . pat at the side of the chin to discourage heaviness. . . pat the throat to keep it young and firm . . . pat over the whole surface of the face, being sure that your motion is always up, and that you keep away from the tender tissues around the eyes. You will feel your face commence to tingle in less than a minute and if you will continue faithfully for five to ten minutes, you will develop a fine fresh glow. Do this at least once every day . . . twice if you can manage the time, and you will soon have your napping circulation thoroughly waked up.

At night when you have awakened your face into a state of vivid responsiveness, pat on a little Muscle Oil. This rich penetrating preparation will assist in the toning process, and do quite marvelous things for your droopy spots . . . around the mouth . . . under the chin . . . around the eyes. If you have any open pores apply a little Pore Cream which may be mixed with Muscle Oil, with excellent effect. Toning your skin this way is just as important as exercising your body, and should be made part of your daily routine.
