PRODUCE MARKET STRENGTHENED

Lettuce Firmer With Dwindled Supply at Portland

PORTLAND, Ore., July 1.—(AP)—Portland wholesale market for butter and eggs today ruled steady, especially on top grades of each commodity, with prices unchanged.

Butter receipts were rather light, but ample for a limited demand in force.

Egg demand was fairly active. Some price shading was evident, quality considered.

Country dressed meats and poultry continued steady, supplies sufficient for a fair demand.

The cherry season in Umatilla county was brought to a close last weekend with the final car of fresh cherries loaded for eastern shipment on Saturday, from the Milton-Freewater district. Returns to growers averaged about 8c per lb., for all varieties. Although this is above cost of production, it is much lower than returns of the preceding two or three years. Smaller sizes than usual accounted in part for the lower returns. The Dalles and Hood River are now shipping heavily. Cherry loadings from Yakima and Wenatchee districts are now well over their season's peak.

At Portland, strawberries, cauliflower, asparagus and lettuce were all stronger today, due to generally lighter supplies. Cauliflower will be rather scarce until the fall crop matures. Portland is now receiving cauliflower from Puget Sound points. Production of spring cauliflower near Portland this year was greater than usual, and quality was unusually fine.

Outside demand for lettuce was improving, and several mixed cars are being loaded, with a preponderance of lettuce.

Eastern green pea markets continue weak, with liberal supplies of eastern (mostly New York state) green peas.

CHICAGO GRAIN

CHICAGO, July 1—(AP)—Surprising scantiness of the amount of wheat delivered on July contracts in Chicago and Liverpool gave a jolt to wheat traders today. Sharply higher prices ensued, although this was the first day of the new crop year and ordinarily the rush of wheat from the harvest fields is apt to make wheat appear ocerplentiful rather than th ereverse. Indications however, were that exporters had turned suddenly to the buying side, and growers were acting on felderal farm board suggestions to hold wheat back for higher prices.

Chicago closing quotations on wheat were unsettled 1 3-8-2c a bushel higher than yesterday's finish. Corn closed 51-8-1 5-8c advanced, oats ¾ off to 5-8c up.
