CENTRAL HOWELL, July 7.—Very little clover hay is left standing now. The rain did not wet the hay enough to hurt it. Because of such poor hay weather, the hay had to be left in the swath so long that it has bleached more than ordinarily, which has affected the color of the hay somewhat.

CROPS GOOD IN AMITY AREA

Hay and Fruit Now Keep Farmers Busy For Long Hours

AMITY, July 7.—Harvesting of the hay crops and gathering of fruit in this vicinity are keeping the farmers and orchardists very busy at the present time.

Cherry picking on the Boda hills east of Amity began last week. Mr. Matthews reports a bumper crop this year. There are about 150 pickers employed on this acreage. The pickers are finding their jobs profitable ones even though the price of cherries is low. They report very good picking and the rain failed to wreck the cherries.

Vetch hay is growing exceptionally rank and the report is high yields per acre. The farmers here tell us that clover hay is not returning such a heavy crop this season. They expect a good seed yield this summer, however.

The grain is ripening rapidly due to the warm weather. Local farmers tell us it is rather light in patches but they think that it will yield very fully and return a good yield. Cutting will not begin for several weeks yet.

BOYS' HOME HAS PLEASANT FOURTH

Turner Farm Scene of Gathering of Many Interested Friends

TURNER, July 7.—A crowd of about 150 people gathered at noon July 4 at the "Boys' Home" farm, of 150 acres, located 2 1/2 miles south east of Turner. Barbecued meat, bread, cream and coffee were furnished and lunch baskets had plenty of good eats and a very pleasant noon meal was enjoyed, after which a short program was presented by E. J. Gilstrap, who is pastor of the local Christian church and is also at present general supervisor of the "Boys' Home" farm.

Orchestra music was furnished by a group of Sheridan people, who came to spend the day at the convention held at the Tabernacle. They arrived in a school bus. After prayer by Mr. Gilstrap, J. L. Webb was introduced as a social business man and a member of the local "Boys' Home" farm board.

Farm Neighbor Speaks

C. A. Bear, who is a near neighbor of the farm and a successful tiller of the soil is in a position to help out in a helping way, he called for a short talk. He mentioned the fact that the boys were expected to do a certain amount of work, that it was the very best treatment of the boys, as we all feel more self respecting, when we can at least help make our way. The farm is well situated and can be developed into a valuable acreage in time.

Mr. Gilstrap referred to a fund that has very recently been started and hoped it will soon be large enough to buy three cows which are much needed.

C. H. Jesse was introduced. He and Mrs. Jesse who is matron, have had direct charge of the institution from its beginning which is almost two years ago. Mr. Jesse introduced each boy in turn. There have been 24 all winter, but not a few are away on vacation. Four of the

boys are of high school age, the rest attend grade school, excepting little four-year-old, Harold, who is the idol of the household.

The boys under the direction of the matron do most of the housework. Walter L. Meyers, chancellor of Eugene Bible university, who has general supervision of the several such institutions of the church, spoke of the land which was donated by Coraella Davis as the foundation for a great work, though the start in the first two years has seemed slow.

The girls' home, corresponding to the boys' home, is located in Eugene.

Rev. E. L. Putnam of La Grande spoke a few words in appreciation of Rev. and Mrs. E. J. Gilstrap. They are entering, in not only the work of the local church but as managers of the Boys' Home and farm.

Mr. Putnam said "We as church people must support the home until the farm can bring in a full living; the local church was organized by Mrs. Putnam about 12 years ago, while he was serving the Bungalow Christian church in Salem.

Mrs. Coraella Davis, a spry lady in her 90 odd years, was asked to stand and receive the Chautauque salute in recognition of her gift.

Music was rendered by the orchestra and band which was offered by Mrs. Clara G. Verdon, who is field representative of the institutions for the children.

All were urged by the chairman to go through the new barn and also get a good view of the growing crops. At 2 o'clock the church people hurried back to the Tabernacle for the afternoon service.
