CURT COMMENTS BY CURTIS

Months and months ago we ventured the opinion that mid-week twilight baseball would pay in the Willamette Valley league or any similar semi-pro circuit organized in this vicinity, provided the necessary arrangements could be made for getting the players away from their regular jobs in time to make the trip.

And did you get an eyeful of that crowd at the twilight game Monday night—the biggest crowd of the season. Maybe it was the whiskey, but we don't believe it. We are sure that a league game, especially if it was an important one in the league race, would draw even better.

The fact is that Sunday baseball has to compete with the automobile and the numerous pleasure resorts within easy driving distance of Salem, and they provide too much competition. In the middle of the week, when people are in town, they'll turn out for baseball.

Of course the sun is a big handicap on Olinger field, and if twilight ball became the rule, the diamond would have to be shifted around so the batters could have an even break, and more bleachers erected so the fans wouldn't have to look into the sun.

Time will come when night baseball will be played in these circuits, only it may be by that time that Salem will have organized ball. We wouldn't be a bit surprised.

The Coast league is pretty nearly all on a night shift this week, and we'll venture the

SOLONS RETAIN CLOUTING LEAD

Albany Cuts Down Salem's Margin to One Point; McClain on Top

The Alcos cut down Salem's lead in hitting percentage from two points to one in Sunday's game but the Senators are still heading the Willamette Valley league in this respect. Salem's average is .271, Albany's .270. Eugene .229, Corvallis .227. Albany is leading in number of hits 107 to Salem's 103, but the local team has managed to escape about 17 times at bat charged to the Alcos.

McClain, Albany catcher, is still hitting in the .600 region. .511 to be exact, and has played enough games now to be ranked as the top hitter. Olinger is next with .384 though he has hit only 360 for Salem.

Golf Phenom of Yesteryear Comes Back to Tie for Beverly Honors

By PAUL MICKELSON
CHICAGO, July 22.—(AP)—Charles "Chick" Evans, Jr., the Bobby Jones of yesteryear, came back for morning glory return to day by leading into a two-way tie with another Chicagoan, Johnny Lehman, in the fight for the western amateur championship medal.

His big war clubs, one a stick used almost regularly since back in 1922 when he won his twelfth and last golf crown of any reputation, clicked so brilliantly today, he carded a 72, one over par on the stubborn championship Beverly course, and pulled up from behind to tie Lehman with 147 strokes. But for a hooked shot into a trap on the final green where he took one over par, he would have stood out in front alone tonight with the medal on his chest.

... the war against Spitting is a crusade of decency ... join it. smoke CERTIFIED CREMO!

One of many actual photographs of "spit-tipping" cigar makers. The above picture was taken in New York City, March 22, 1930. An affidavit from the photographer is on file, showing that this workman put a cigar to his mouth and bit off edge of tobacco.

Over 7,500 cigar factories are registered by the U. S. Government. Over 7,400 of these hand-roll cigars, producing 50 percent of the output. Every hand-rolled cigar—made by American Cigar Co. or anyone else—is subject to the possible danger of "spit-tipping." Certified Cremo is absolutely free from spit-tipping—No Cremo is made by hand.

Certified Cremo is a really wonderful smoke—mild—mellow—nut-sweet! Every leaf entering the clean, sunny Cremo factories is scientifically treated by methods recommended by the United States Department of Agriculture and its purity is safeguarded along every step of the way by amazing inventions that bind, roll, wrap and tip the cigars!
