He was in fine condition. Then about 2 a. m. another deer was heard grazing upon a small slash hillside just above where the boys were snoozing.

The roads at this point have been oiled before but not quite such a liberal coating has been applied heretofore. Cars passing through the pools of oil have to be thoroughly washed immediately or the paint comes off.

There are three detours that can be taken to avoid this stretch of road, the one south of the Brush College school house which comes out at Cascade Drive in Kingwood Heights, the Wheat-land road, the Kingswood ferry route and the Rickre-land Sunday at the Dittmar home.
