HUBBARD GIRL WINS HONOR

Miss Velma Scholl Goes to London for Jantzen Knitting Mills Co.

By MAUD BIDGOOD
HUBBARD, July 28.—Miss Velma Scholl, who has been assistant export manager for the Jantzen Knitting Mills Co. of Portland since January, 1927, sailed for England August 8 from New York to assume the duties of assistant European sales and advertising manager for the Jantzen factory at London.

The London factory, which is now under construction, will be in operation this fall and all European sales and advertising will be handled from there.

Miss Scholl expects to be abroad at least a year.

Miss Scholl has had specific training along export lines, having majored in foreign trade at the University of Oregon.

Her name appeared on the program of the 17th National Foreign Trade convention held at Los Angeles May 21-23, when she contributed the article, "Building a Consumer Market."

Hubbard is the birthplace of Miss Scholl, who is the daughter of Mr. and Mrs. L. M. Scholl, proprietors of the local hardware store. Her grandfather is George Wolfer, well known Oregon pioneer and former owner of the Hubbard Mineral springs.

Miss Scholl received her elementary and high school education in the local school. She is a member of the June 21 graduating class of the Hubbard high school, having completed her course in three years. She went from the Hubbard high school to the Capital Business college at Salem from which she graduated in 1922. She then entered the University of Oregon and received a B. A. degree from the school of business administration in 1926. She is a member of Phi Chi Theta, girls' honorary commerce sorority. Miss Scholl almost wholly earned her own way through the university by doing office work during the summers and also during the college years. She has the record of only a few absences during her entire school career.

Miss Scholl's trip to England was the inspiration for a Sunday morning breakfast July 20, given by the office girls of the Jantzen Knitting Mills. Miss Scholl's mother was a guest at the breakfast which was given at the Jack and Jill tea rooms, Portland.

EXCITEMENT ADDS TO PORTLAND TRIP

AURORA, July 28.—To be hit by another car was the unpleasant but exciting experience of Charles Eller of Aurora, while driving in Portland Thursday. Eller had just left the Union station, where he had met his mother and his brother-in-law and wife, Mr. and Mrs. B. Lantry of Spokane. While driving south on Sixth street and had almost cleared the intersection at Gleason, a car ran him down, backed quickly away and fled.

Eller jumped into another car, followed and hailed a policeman enroute. A third car and policeman took up the chase. After cauterizing through the streets they caught their parties in the middle of the Broadway bridge.

The driver, one Allam, a dairyman of Deer Island, was released on \$1500 bail. His case will come up Wednesday when he will face a charge of driving while intoxicated.

In speaking of the episode, Eller said it did not amount to much since no one was seriously injured, but it was plenty exciting while it lasted.

There is no time for Dr. Blackberry to rest. He must tell and explain all that is possible for him to tell of the events of the committee meeting at Portland. As Dr. Blackberry tries to make his way from his home on McClaine street to his office on South Water he is stopped on every side to answer all the questions which, translated from their various forms of wording, really mean, "What do you think of it?"
