McKENZIE, "TALL, SLIM, ASSOCIATED WITH SMILE" FINDS VISITING REPORTER Got His Start in Kansas 35 Years Ago

By OLIVE DOAK
Perched on a counter with the smell of milk and fresh butter about with the rhythmic, churning sound of belts over rollers beating in our ears, D. B. McKenzie, manager of the Greenwood Dairy on East State street chatted about his business and answered questions about himself.

The Greenwood dairy for which Mr. McKenzie is manager, is one of a national chain of the Kraft Phoenix Cheese company. Mr. McKenzie, a tall, slim man with whom one associates a smile that lasts—no the kind that flickers and dies before it reaches you—was born in Kansas 35 years ago. He came west while still very young. He graduated from the Lynden, Wash., high school and later attended Oregon State college where he was a member of the Acadia club.

Mr. McKenzie is married and has one son and one daughter. He is very fond of football and likes to see O. S. C. dent Oregon's line.

Then came the war and its interruption. McKenzie enlisted, did his bit, and came back to Marshfield, Oregon, to begin civilian life over again. Here he went into the creamery business. From Marshfield he came to

BIG TENT REVIVAL STARTS THURSDAY

Rev. Mack Wyatt to Speak At Series of Services in Salem

Announcement was made Tuesday that a community revival series will be held in a big tent at the corner of High and Marion streets, opening Thursday night at 8 o'clock. Rev. Mack Wyatt, nationally known evangelist from Texas, will lead the meetings.

The evangelist is declared to be a speaker of marked ability and his timely messages are of such interest that thousands throng to see and hear him. He has been called the modern Paul of the 20th century. Every church in the city, regardless of name or creed will be vitally benefited by this series of meetings, say the leaders. The speaker will deal with such subjects as "Is Mussolini the Anti-Christ?" "Old Time Religion vs. Higher Criticism," "Is Divine Healing Scriptural?" and other, interesting subjects.

Mrs. Gladys Wyatt, wife of the evangelist, is an accomplished musician and will be accompanist for the Clark radio singers who will participate in the revival. Mrs. Clark will be remembered by their many friends who heard them sing in this city four years ago in the Grand theatre, when the B. S. Moore jubilee party conducted a five weeks' revival here.

Hundreds are expected to attend the opening service. Singers and musicians are invited to cooperate in this community revival.

PLAQUE TO HONOR EARLY FIRE CHIEF

A bronze plaque, made from discarded fire hose couplings contributed by fire chiefs of Oregon, will be dedicated at Lebanon August 18, in commemoration of R. L. Gilson, for many years chief of the Lebanon fire department and one of the organizers of the Oregon state fire chiefs' association.

Virtually all of the fire chiefs in attendance at the annual convention of their association at Corvallis on August 18, will go to Lebanon to participate in the dedication ceremonies.

The plaque will be placed on the Lebanon fire hall. It was designed by John Lee Fairbanks, dean of the school of art and rural architecture, at Oregon State college.

FINANCIAL REPORT IS MADE BY BOYER

Salem and organized the Cooperative Creamery on South Commercial street. Two years ago this merged with the Green dairy and Mr. McKenzie became manager.

Mr. McKenzie is married and has one son and one daughter. He is very fond of football and likes to see O. S. C. dent Oregon's line.

Grain Shippers Claim Refunds Up to \$200,000

Claims for refunds aggregating approximately \$200,000 have been filed with the public service commission, in connection with an order issued by the commission in 1924 reducing the freight rates on grains and grain products in this state. Virtually all of the claims were filed by eastern Oregon wheat shippers.

The claimants allege that the railroads failed to comply with the commission's order, as it related to certain classifications of rates.

The rate production ordered by the public service commission in 1924 virtually were the same as demanded in the grain rate decision handed down by the interstate commerce commission a week ago.

Not Student But Furnace Was Smoker

Janitors at the senior high school building have been busy the past two days tearing out the furnaces in an effort to locate the cause of smoke escaping into the school rooms. The wrecking activity has brought to light actual holes in the heat chambers in several of the eight furnaces which heat the building.

Smoke escaping through the chambers and traveling through pipes to the radiators and into the school room, caused considerable inconvenience during school last year, and occasionally almost forced teacher and pupils to seek other quarters.

The heat chambers will be mended, and possibly new ones installed where the old ones are too far gone, reports G. W. Smalley, head janitor. Excess smoke has been noticeable in several of the other schools, and it is probable, Smalley says, that investigation will show just such burnt-out condition as found in the high school.

Other schools which are equipped with the same kind of furnaces include Englewood, Garfield, Washington, Lincoln and McKinley.

DISTRICT ATTORNEY MAY BE ELIMINATED

The proposed constitutional amendment providing for a cabinet form of government in Oregon, if approved by the voters, would abolish the office of district attorney, according to a legal opinion prepared here Tuesday by I. H. VanWinkle, attorney general.

The opinion was sought by Hector McPherson, chairman of the legislative interim committee upon state reorganization.

"The language of the courts," reads the opinion, "settles definitely that the district attorney is not a judicial officer, and therefore is not a part of the judicial department of the state. Clearly he is not a legislative officer nor a part of the legislative department of the state. It follows that he must, therefore, be a member of the executive or administrative department."

"The conclusion cannot be avoided, therefore, that the office of district attorney is one of those which will be abolished by the proposed amendment if the same is adopted."

PAPER FIRM NOTES ITS 75TH BIRTHDAY

P. C. McDonald, local manager of the Rodgers Paper company, is this month participating with his principal firm of Blake, Moffitt & Towne in the celebration of that organization's 75th birthday.

The latter organization acquired the Rodgers Paper company here several years ago but maintains the locally known name for the company here.

Blake, Moffitt & Towne as a paper-selling organization dates back to 1855 when Blake and Moffitt, who had been in the printing business in the east, stayed in the same business in the west. Subsequently they were pioneers in paper distribution in California and their business interests developed until now 17 distributing firms make up the western organization of the company.

Fat Man Walks Ten Miles

I don't care how fat you are or how much you hate to get out and walk a couple of miles.

If you will take one half a teaspoon of Kruschen Salts in a glass of hot water every morning for 30 days—

You will feel so good—so energetic and the urge for activity will be so great that you will immensely enjoy a daily walk of several miles—and lose fat.

Why will Kruschen Salts make this great change for the better in me—it is natural for you to ask.

Because Kruschen is a blend of the vitalizing salts Nature says your body must have to keep every organ, gland and nerve in the body buoyantly healthy.

While you are losing fat you will be gaining in energy—in endurance—in ambition. Your skin will grow clearer and your eyes will sparkle with the good health that Kruschen brings.

Just try one 85c bottle of Kruschen Salts; it will last you 30 days. After you have taken one bottle the old arm chair won't hold you any more—you'll want to be up and doing—you'll enjoy the walk with the recreation and you'll sleep like a top.

You'll lose fat and probably live longer. Get Kruschen at any live druggists in America.—Adv.
