

PRIZES AWAIT 4-H WORKERS

Banquet, Watches and Trip To Crater Lake Given State Fair Winners

Three prominent Oregon men, including Richard W. Price, manager of Crater Lake Lodge; Guy Talbot, president of the Northwestern Electric company; and E. L. King, superintendent of the Southern Pacific line in Oregon, have made possible the most cherished prize in connection with the boys' and girls' club work at the Oregon state fair.

For the past several years the two boys and two girls, credited with being the outstanding entrants in the juvenile classes at the state fair, have been the recipients of beautiful watches provided by Mr. Talbot, a week's trip at Crater Lake with all expenses paid by Mr. Price, and a banquet in Mr. King's private car.

The two boys and two girls who won these honors at last year's state fair are Mabel Eidsen of Eugene, Virginia Spangler of Oregon City, Gilbert Ridder of Sherwood and Floyd Stafford of T. outdale. These boys and girls were dinner guests of Mr. King aboard his private car on Friday night of the 1929 state fair.

Among those who attended the banquet other than the boys and girls, were Hal E. Ross, secretary of state; Governor Patterson, and Mr. Talbot, H. C. Seymour, in charge of boys' and girls' club work in the state also was an honor guest.

At the banquet, presented at the banquet, Mr. Talbot presented each of the boys and girls with a beautiful watch. He lauded the boys and girls for their efforts in club work, and pledged his support in their behalf at future state fairs.

Hal Hoss, representing Mr. Price, who was unable to attend the banquet because of a previous business appointment, extended an invitation for the boys and girl to spend the last week in August this year at Crater Lake Inn.

Mr. King, the genial host at the banquet, spoke briefly of the boys and girls winning high honors at the 1929 state fair will leave here Sunday morning, August 24, by automobile for Crater Lake, where they will remain until the following Saturday.

They will be guests of Mrs. Price and daughters at a dinner during their stay at the lodge, and will enjoy boat rides on Crater Lake, a trip to Diamond lake, and will return by way of Bend and McKenzie Pass.

The boys and girls also will enjoy hikes in the mountains at Crater Lake, and will visit Government Camp, which is located near the gateway to the park.

As a result of the liberality exhibited by Mr. Talbot, Mr. King and Mr. Price in connection with the boys' and girls' club work, competition has been more keen during the past few years than ever before.

Arrangements are being made to continue the prizes indefinitely, and the banquet will be given during this year's fair as in previous years.

The Misses Eidsen and Spangler, who will go to Crater Lake this year as guests of Mr. Price, specialized in home-making, sewing and canning.

Both girls have been interested in club work for a number of years, and have won high credits in their work. The two boys, Ridder and Stafford specialized in livestock.

Mr. Talbot has indicated that he again will provide watches for the four outstanding boys and girls at this year's state fair while Mr. King will be on hand with his private car to entertain them at dinner. Mr. Price will extend an invitation for the boys and girls to spend a week at Crater Lake next year.

Kiwanians of Tillamook Fete Y. M. C. A. Camp Boys

The boys' at the Y. M. C. A. Oceanside camp enjoyed another deep sea fishing trip, Wednesday with Parker Giese and "Pop" Crary, camp cook, the lucky boys. The former caught a 12 1/2 pound cod, while the latter pulled in one weighing 10 pounds, according to a letter from David Hoss. The letter follows:

"Today is gala day. It is the eve before the great hike to Camp Merriweather and a big camp fire with the Tillamook Kiwanis club for dinner and campfire. Oh, boy, did they eat! And how. Swiss steak and all the trimmings with buttered potatoes for dessert. In the evening the Kiwanis with a picked team played indoor with the boys and the boys, playing without the leaders, lost 10 to 3.

Later at camp fire several townpeople and visitors enjoyed the stunt. Some of the best were: tent six, Ivan Kafoury, leader, a knife stunt. A three-act episode beginning with the third act because they are all supposed to die in the first act.

"Tent three, Fletcher Johnson, leader, bathing "beats". Oh such graceful maiden! Little Miss Oceanside (Allan Robbins) won the tin loving cup. "Tent one, Everett Clark, leader. Rope spinning by Walter Majhon of Chemawa. Oh boy, is he good? I'd say!

"Wednesday afternoon the youthful campers explored the mysteries of the deep, or in other words, went deep-sea fishing. On the sick list were Joe Heraberg and Billy Crary, but none "fed the fish" as the old saying goes. The lucky people were Parker Giese who caught a 12 1/2 pound cod and Pop Crary with a 10 pound cod. It is a mystery of the ages as to how he found the fish amongst all the line wrapped around it. Barring the fact that it was a small boat with 35 or 40 boys in it everybody voted that they had a good time."

HAWORTH TO SHOW DESERT PICTURES

Visual Education Expert to Lecture Here Thurs- day at C. of C.

An event of more than usual interest to persons interested in the deserts of the west, to those who find satisfaction in the photographic art, and to teachers alive to the value of visual education in the public schools, is announced by John Clifford, president of the Salem Arts League, for the evening of Thursday, August 7, when Harry H. Haworth, supervisor of visual education in the Pasadena city schools, will give an illustrated lecture: "Through Our Deserts in the Wake of Spring."

Supervisor Haworth, who was born and received his education in Newberg, is considered an authority on photographic technique and visual education, and was induced to stop in Salem to give this lecture by his friend, L. Earl Deane, manager of the Salem Deaconess hospital. Haworth left Pasadena, August 1, on his annual vacation trip. He gives another lecture in Newberg on the evening of August 8.

Lure of Desert Shows in Slides Supervisor Haworth explains and illustrates the lure and beauty of the American deserts. He shows many beautifully colored lantern slides, emphasizes photographic technique, and explains the use of the pictures in visual education.

Both Manager Deane and President Clifford are enthusiastic concerning the opportunity this even offers to Salem art lovers

Salem-Champoeg Road Soon to Be Paved, Is Report

WACONDA, August 2.—Work in preparation to paving has begun along the Salem-Champoeg road. A part of this road was paved last year and work would have been well under way to finish this month, but for the flat haulers, who will complete their hauling before construction work makes the road impassable.
