The calons are mituring unusually early as a result of the long, dry period. Rowever, on the Hayes rately, the main allich into which the radiating draitnage districts empty has been dammed in four pitoes and the onions are altowing the benefits of this procedure the fleids being freer from blight than many other fields in this district.

## Hay Worker Breaks Rib

RICKEY, August 5-Robert Hoots sustained two broken ribs and was severely bruised Monday afternoon while hauling hay. Mr. Stayton People Hoots was hauling hay to the harn on a large sled built especially for that purpose and in coming to the barn from the field had to cross a bridge.

When crossing the bridge one runner of the sled slipped off and the end of a bridge plank caught on the crow bar of the sled and held it.

Mr. Hoots was driving a big team and when the sled held, the herses did not stop but pulled against the extra load, broke the double tree and pulled Mr. Hoots up to the Jacob's staff.

The ribs were broken over the heart and Mr. Hoots was suffering a great deal at last report. He is over 60 years of age.
