

Silverton Defeats Seattle With Ease, 15 to 2 at Baker

SCHWAB TWIRLS ONLY FEW INNINGS, FRESH TO FACE POCATELLO

Team From Marion County Favorite to Capture Regional Championship; Will Enter Western Series in Colorado

BAKER, Ore., Aug. 14.—(AP)—Exhibiting the same hitting prowess that kept it undefeated throughout the Oregon elimination series and carried it to a state championship, the Silverton American Legion junior baseball team defeated the Rainier-Noble team of Seattle, Washington, champions, here 15 to 2 today before a large crowd composed largely of American Legion members attending the state convention.

Figuring that the Seattle team would be Silverton's toughest competition in the northwest regional tournament, Coach "Frisco" Edwards selected Orville Schwab, his leading mound ace, to start the game. But when it appeared that the Oregon champions would win with comparative ease, Edwards quickly "jerked" Schwab and sent in Perrine, a right hander. Perrine continued to hold the Seattle team safe while his team makes run up the score, and as a result, Schwab will be in condition to start against Pocatelto tomorrow.

CURT COMMENTS
Ninety nine nabs for the Silverton ball tossers! And we know they're getting them, because this office was swamped with telephone calls all Thursday afternoon and night, and many a time did the receiver fall choking off a fervent "Hallelujah" or "Whoopee!" depending on the antecedents of the person at the other end.

Pocatelto had a little more difficulty in beating Billings, Mont., in the other semi final game today but won, 12 to 7, largely on superior fielding.

Word was received from national American Legion headquarters Thursday instructing the regional junior baseball officials to hold the winning team at Baker until next week provided that Silverton or Seattle won, the team going on next week to Colorado Springs.

Little doubt is held here that the Silverton team will be able to defeat Pocatelto. In preliminary workouts, in fact, the superiority of the two coast teams seemed so pronounced that local legionnaires with an eye on the gate attraction of the series, suggested that Silverton play Billings and Seattle meet Pocatelto, so that the best games would be left to the last. Objections were raised, however, and Roy S. Keene, regional director, decided that a drawing should be held.

Our idea of colossal nerve: Governor Norblad decried "politics" as played, according to his version, by the game commission. Who started these political bonuses, anyway?

Personally, we don't know a thing about Harold Clifford and his practices, but we have heard a lot of complaint from sportsmen and repeated charges that Clifford was one of the slickest little politicians in the business.

Looking it all over from a distance, we have no doubt that if politics hasn't been played in game affairs recently, the command to "play ball" is forthcoming mighty soon now.

BAMBINO FURRORE RAGES OVER CLIFFORD

Telegrams Pour in Telling Both Sides of Row; Norblad Silent

Letters, telegrams and long-distance telephone calls continued to reach the executive department here Thursday in connection with the recent action of the state game commission in ousting Harold Clifford, state game warden.
Among these letters and telegrams were a number from Portland in which the game commission was lauded for its action. Governor Norblad said virtually all of these letters were signed by members of the Multnomah sportsmen's and anglers' associations. One telegram read:
"The action of the game commission in ousting Clifford was a rock at rotten politics."
Persons close to the executive department said that a number of these telegrams apparently were inspired, for the reason that they arrived within a space of two hours, and were somewhat similar in construction.
Urgent Removal of Commissioners
Other telegrams and letters, some of which carried the names of Portland sportsmen, complained bitterly of the treatment accorded Clifford and Ed Clark, his chief assistant. The authors of these telegrams and letters urged the immediate removal of members of the game commission who voted against the retention of Clifford.
Governor Norblad refused to make any statement regarding Clifford's removal Thursday, other than to say that he was giving the matter a careful consideration. Whether he eventually will take action against any members of the commission could not be determined.
While the telegrams and letters received by the governor indicated a division of sentiment in Portland, most of those received from up state were favorable to Clifford and against the game commission. In several of these missives the authors demanded that the personnel of the commission be so changed that Clifford would be reinstated. Another Shakeup Deemed Possible
Friends of Norblad said that it was within the range of possibilities that there would be another revamping of the personnel of the game commission. This statement was based on the political friendship existing between Clifford and Governor Norblad, and the fact that Norblad appointed four of the five members of the game commission. The appointment of David Evans of Eugene and Harry Poole of Klamath Falls as members of the commission was interpreted by Norblad's friends to mean that Clifford would be retained.

Bill Quits As Gallery Gives Razz

RYE, N. Y., Aug. 14.—(AP)—Big Bill Tilden took his turbulent personality out of the eastern grass courts singles championship today, when he withdrew from the defense of his title in a match with Clifford Sutter, intercollegiate champion from New Orleans.
The youthful Tulane university star had won the first set 6-1, and was leading 4-love, love-1 in the second set when Big Bill took offense at the heckling of the crowd, which packed its way into the bleachers at the Westchester country club. Preceding Tilden's walkout, the referee frequently requested the crowd from showing any signs of partisanship. As the ace of the American Davis cup team left the court he said, "I can't stand this any longer."
Tilden, throughout the match, limped and let ordinary easy returns drop for placements to Sutter's credit. After several such plays a portion of the crowd began to laugh at the lanky Philadelphia's style. Two or three times before defaulting he paused and cast his famous "glare" in the direction of the hecklers.
After the match Tilden refused to blame his showing on a bad leg, although he fell yesterday and was under a masseur's care two hours before taking the court today. Later, however, he admitted to Gene Tunney, former heavyweight champion, that his right leg bothered him.

Eleventh Hour Notice of Forest Closing Opposed; Conference Is Scheduled

How to satisfy the sportsmen, and at the same time give full protection to Oregon's timber during the hunting season, which opens September 15, is the problem that will receive careful consideration of the state forestry board at a meeting to be held in Portland August 22.
The sportsmen, while not objecting to closing the hunting season in case weather conditions demand, are opposed to the issuance of a 11th hour order such as has been the practice of governors in previous years. The law provides that the governor is the only person having authority to close the hunting season.
It was argued by sportsmen in previous years they made all plans to enter the forests in quest of deer, only to be disappointed by an executive department order issued the day before the hunting season was to open. The plea was made that this action resulted in unnecessary expense to the sportsmen, and in virtually all cases, interfered with their vacation plans.
If the hunting season is to be closed because of weather condition and resultant fire hazards, the sportsmen are urging that the order of the governor be issued at least a few days in advance of the date on which the season is to open.
Lynn Cronemiller, state forester, said the problem was a serious one to combat, for the reason that rain may fall a day or two before the hunting season is to open. In such a case it would not be fair to the sportsmen to close the hunting season in compliance with an executive proclamation previously issued.
The state forestry board, at its August meeting, will attempt to reach some agreement which will be satisfactory to the sportsmen, the timber owners and the governor.
