Statesman Pattern

1960

By ANNE ADAMS

Nothing is more delightful on warm afternoons than a dainty chiffon frock. The model presented today achieves distinction through its gracefully flared shoulder capes and skirt. Both are styled in pointed lines that are youthful and decidedly slenderizing.

Pattern 1960 may be fashioned of chiffon, georgette, voile or flat crepe printed or solid color. The pastels are delicious this season, particularly the rose, blue and yellow shades. Among the dark grounds, tobacco brown and black are quite the vogue, either plain or printed in tiny bright designs.

May be obtained only in sizes 16, 18, 20, 34, 36, 38, 40 and 42. Size 16 requires 4 yards of 40-inch material.

No dressmaking experience necessary. Yardage for every size, and simple, exact instructions are given.

Send fifteen cents in coins carefully wrapped, or stamps, for each pattern. Write plainly your name, address, style number and size wanted.

Our book of patterns for adults and children, also transfer patterns, fifteen cents; ten cents when ordered with a pattern. Address all mail and orders to Statesman Pattern Department, 243 West 17th street, New York City.

W. C. T. U. Hears Narcotic Director

The Salem W. C. T. U. enjoyed a pleasant business and social meeting Tuesday at the hall on Commercial street. Mrs. Samuel H. Boardman had charge of the devotions and later gave a very interesting talk.

Mrs. Jennie Presnal, state director of narcotics, was present and gave an extended talk on the narcotic and cigarets. As this union has had no narcotic director for some time, it was decided to appoint one. Mrs. Lavender was appointed, and kindly consented to accept.

Mrs. Sarah Oliver, who was for many years president of this Union and also county president, was present at this meeting and gave some very helpful suggestions.

Reports from the sewing committee, Mrs. Ransom, chairman, shows that a great amount of work has been done this summer.

Sixteen coats have been cleaned through the generous help of a local cleaner, have been made over by the W. C. T. U. women, then pressed by this same cleaning establishment, and now are as good as new, and along with several other articles of clothing, are now ready to be sent to the Children's Farm Home at Corvallis for the use of the children there.

The Union now is putting its time on to the preparation of articles for the booth at the state fair. The W. C. T. U. expects to have two booths at the fair this year, having added a publicity booth.

Splendid Polishing Cloths

In the future do not throw away your pieces of velvet, old or new. Cut these to a convenient size and use them as polishing cloths. If you overcast the edges with wool or thread they will not fray. They are almost as good as chamois for polishing glass or furniture. THE HOUSEWIFE.

PINCHOT AWARDED PLACE ON BALLOT

PHILADELPHIA, Aug. 20.—(AP)—Gifford Pinchot today won full title to the republican nomination for governor of Pennsylvania.

Four justices of the state supreme court ended months of litigations and political turmoil by affirming the decision of the common pleas court of Luzerne county, legalizing the 60,000 votes of that county.

Attorneys for Francis Shunk Brown, Pinchots principal opponent for the nomination, had made an appeal, which, if granted, would have given the nomination to Brown by 6,000 votes. This appeal, argument on which was heard by the supreme court yesterday, was based on the perforation of paper ballots cast in Luzerne at the May primary.

Counsel for Brown maintained the perforations, ordered by the county court in an effort to prevent fraud, constituted mutilation and therefore were illegal and should be thrown out. Pinchot carried the entire state by 20,000 plurality and Luzerne county by 36,000.

IT PAYS TO KEEP WELL...

Sickness robs the average citizen of seven days every year—and to this must be added the cost of medical and hospital service, estimated at $10 per capita—two billion dollars every year!

Avoid serious illness. Consult your doctor every year on your birthday. Many organic diseases which later are almost incurable, yield readily to treatment if they are discovered, and treated, in their early stages.

Consult your doctor and then cooperate with him by having your prescriptions properly compounded. Come to the Central Pharmacy—with the confident assurance that your prescription will be prepared by a professionally trained pharmacist—and that the finished product will contain the best drugs and medicines that science can produce, or money can buy. We are more than merchants, we are the doctor's right hand man. Ask him.
