JEFFERSON, Sept. 2.—A letter was received from James R. Wied, Jefferson boy, with the U. S. S. Saratoga, and his friend James R. Allison, telling an interesting story of their visit in San Francisco from August 16 to August 26.

The main purpose of this visit was to celebrate "fleet week," which is celebrated annually at some designated point. The whole "west coast battle fleet" was represented, and San Francisco turned out to give them a hearty welcome. Church parties, entertainments, dances and sight seeing trips were given for the benefit of the fleet, during their stay in the city. Street car rides were free for men in uniform and many other courtesies were shown to make them feel at home. Visitors were allowed to visit the ships every afternoon. The crowds were so large, hundreds of people were unable to get aboard.

The Saratoga was especially popular for visitors, as she carried all her planes on board, and was anchored close to the shore. Everybody was sorry to leave, because their stay in the city was an enjoyable one.
