

Salem Heights District Will Have Bus Service Again

NEW LINE IS TO BE ESTABLISHED

District Left out by Southern Pacific Asks for Service

By D. D. C.
SALEM HEIGHTS, Sept. 9.—Due to the efforts of the residents of Salem Heights, that district is now promised regular bus service to the city of Salem. The district has been informed that service will begin Monday, Sept. 15.

July 1, the Southern Pacific company suddenly withdrew bus operation at this end of the line, with precipitate and abrupt action caused much annoyance and hardship to the city and cannery workers of this district. What the residents of this community considered as unfair and callous treatment by the company was followed by repeated refusals of the officials to accede to pleas of the district for even half service. Thus rebuffed, residents endeavored to secure service from some source and have worked hard on the problem.

As soon as the correspondent receives all details of bus schedule, fare, etc., it will appear in the columns of the Statesman so that all people served by this line will be ready to cooperate with and support the new operator. It is reported that this service will extend to Liberty district.
