

ROAD HURRIED AT SEBO HILL

Extra Teams Added to get Right-of-way Down to Grade Before Rains

WALDO HILLS, Sept. 24.—The right of way from the top of the Sebo hill north to the pavement on the Silverton-Station road begins to look like a road though drivers say it does not feel much a road when going on it. The work of digging down to grade and filling the rock foundation where the road is being raised north of Drift Creek is progressing very rapidly.

A number of new teams have been added in the hope that the road may be finished and gravelled before winter rains set in. The yard being put in for G. O. Shockley is very good looking. A rock wall is being made on the north and south sides and ground filled in to the road.

The Evergreen and Centerville schools will open next Monday. No changes in the teaching force were made. Mrs. Mabel Halvorsen, Mrs. Veneta Ramsby, Mrs. Neal Verbeek, (Veneta Ramsby) will teach the primary. Mardon Overcross will again be principal. But at Centerville Mrs. Helen H. Paget will take the place held last year by Mrs. Gordon Simpson of Salem.
