## TUTTLE HEADS REPUBLICANS' SLATE IN N. Y.

Attacker of Tammany Hall Named on Platform of Dry law Repeal

Choice is Unanimous, Other Candidate Withdrawing Before Vote Taken

ALBANY, N. Y., Sept. 26.—(AP)—Dry leaders decided here tonight to put a third party into the state campaign this fall. There was no decision as to the gubernatorial nominee.

ALBANY, N. Y., Sept. 26.—(AP)—Charles H. Tuttle, who came out of political obscurity three years ago and won wide attention in the federal district attorneyship of New York City by his prosecution of Tammany office holders for violation of federal laws, was nominated today by the republican party for governor of New York.

He was chosen on a platform to his exact liking, the principal plank of which, phrased in his own language, called for repeal of the 18th amendment and substitution of an amendment outlawing the saloon and extending federal cooperation to dry states in enforcement of state prohibition laws.

He was nominated by acclamation, after the most tumultuous demonstration a republican convention in New York has witnessed in ten years, and he accepted the call in address in which he defined the issue thus: "Are we to have a governor who is bigger than Tammany Hall?"

### Prohibition Only

Fly in Ointment  
Once the prohibition issue was hurdled, the convention moved quickly to a harmonious flood tide of enthusiasm for Tuttle's nomination. Fears that the party would come to a break on prohibition faded this morning when the delegates ratified the repeal plant by a vote of 733 to 258. Dry forces did not debate the issue from the floor but were satisfied to go on record in a roll call as opposing the repealer.

When Tuttle's name was offered to the convention Attorney General Hampton Ward, only other candidate for the nomination, withdrew his name and asked his Erie county delegation to support Tuttle.

Referring without naming him, to the refusal of John F. Curran, chief of Tammany Hall, to waive immunity and testify before a special grand jury investigating charges of judgeship purchase in New York City, Tuttle in his address of acceptance said:

"Clean government asks no immunity. The issue of this campaign has been made by Tammany Hall and it is this: Are we to have a governor who is bigger than Tammany Hall or not?"

EFFIGY GROUNDS

Stole Power and Navigation Planks, Candidate Tells His Home Backers

JUNCTION CITY, Ore., Sept. 26.—(AP)—Edward F. Bailey, democratic candidate for governor, in an address here tonight charged that his rival candidates, Julius L. Meier and Phil Metzchan, have "lifted" three planks from his platform and incorporated them into their own.

The planks he referred to were his announced stand on the regulation of hydro-electric power, development of barge transportation on the Columbia and Willamette.

### FRENCH AIR ACES AT SAN FRANCISCO

SAN FRANCISCO, Sept. 26.—(AP)—Dieudonne Coste and a d

Lieut. Maurice Bellonte, two Atlantic fliers, landed at Mills Field, San Francisco, today at 5:20 p. m. They left Portland, Ore., at 12:09 p. m., a committee of welcome composed of city officials, representatives of the junction chamber of commerce and the French consul greeted the French airmen.

The aviators were taken to a downtown hotel for dinner and will leave at noon tomorrow for Los Angeles.

Among fellow countrymen greeting them at the field were Coste's cousins, Mrs. Camilla Raynal of Redwood City, and Gaston Costes of San Francisco.

Coste's visit here is partly in fulfillment of a promise to Mrs. Raynal when the flier was here two years ago. At that time he told her he was going to fly westward over the Atlantic and come to visit her again within two years.

'KIDNAPER' FOUND TO BE LAD OF 12

SEATTLE, Sept. 26.—(AP)—Two weary, weeping, grimy and thoroughly frightened six-year-old tots were returned to their parents here today after being imprisoned 40 hours in the basement of an unoccupied house, where they fortunately found water but no food.

Everett "Jimmy" Zeller, 12-year old school boy, was turned over to juvenile authorities for detention after admitting he locked the children in the house "just for fun" after luring them there with a promise of a "bean-shooter." Sobbing and almost hysterical, he admitted to police "I was afraid to let them out because they might tell on me."

Police who had been engaged for two days in a search which roused this city more than any other of similar nature in several years, were still seeking tonight an extortioner who escaped a trap last night where one of the parents brought \$500 "ransom" he demanded to an appointed rendezvous.

The farmers adopted a resolution calling upon all the land owners to execute notes to J. A. Almire for the \$11,000 difference between the sum he has demanded for the dam site and the amount the federal government is willing to pay for it. Under the plan each farmer would obligate himself for the ratio of this amount that his acreage bears to the total acreage under the project. The additional cost would be about \$1.60 an acre.

BAKER, Ore., Sept. 26.—(AP)—Land owners interested in the Three Valley irrigation project tonight believed they had cleared the way for construction of the \$500,000 project by the federal government.

PORTLAND, Ore., Sept. 26.—(AP)—Charged with conspiracy to violate the national banking act and with false entries in the books of the bank, C. W. Garrison, former assistant cashier of the Columbia National bank, was arraigned before federal Judge McNary today. He was released under \$5,500 bail.

Thomas E. Olds, alleged promoter, was indicted with Garrison Mathews, his special assistant, will leave for Washington, D. C., tomorrow to file the long proposed suit to prevent construction of Boulder canyon dam.

Garrison is alleged to have made false entries in various items totalling \$14,000.

### LAKE MICHIGAN STORM WRECKS BARGE; 7 DEAD

Six of Crew Rescued, two Others Seen Lashed To Wreckage

Famous old Schooner Also Goes Down but all Of Crew Saved

MILWAUKEE, Sept. 26.—(AP)—Overdue since 5 p. m. the small freighter North Shore with Captain Irving Anderson, his wife, and four men aboard, was missing from her dock here at a late hour tonight. The North Shore, owned by the Larivee Transit Co., carried a cargo of grapes from St. Joseph, Mich., and left there this morning. Officials said it was possible the ship put in at Waukegan or turned to another port.

MUSKEGON, Mich., Sept. 26.—(AP)—Seven persons were believed drowned and six were saved as the large Salvor went down in a gale on Lake Michigan off Muskegon this afternoon. Those believed drowned included six members of the crew and a nine year old boy, son of a woman cook.

Tonight, two bodies had been washed ashore and six members of the crew were in a hospital here in exhausted condition. Just before darkness fell two others could be seen lashed to a derrick on the barge. The gale was increasing in intensity and had followed all efforts to get a line to the derrick. Waves were dashing over the wreck and little hope was held for recovery alive of the two women.

Only Two Known Dead Reported  
The known dead:

Lyman Nadeau, member of the crew, and Lorne Olmstead, 9 year old son of Mrs. Ida Olmstead, who was brought to a hospital. The missing:

Clyinton Lane, Harry Smith, Clarence Barnett, all of Muskegon; Clement Shurage and Tony Winserowski of Detour, Mich.

MILWAUKEE, Sept. 26.—(AP)—The schooner "Our Son" last of a type that once ruled the great lakes, was abandoned to a pounding storm this afternoon off Sheboygan, Wis., and left to sink or drift ashore.

The seven members of her crew were taken aboard the freighter William Nelson, which ploughed through Lake Michigan tonight.

"Our Son" was built in 1875. She had come through many storms, but today's blow, heralding the fall season, was too much for the old two-master.

The aviators were taken to a downtown hotel for dinner and will leave at noon tomorrow for Los Angeles.

### Her Life Saved By Metal Lung

Frances McGaugh, whose lungs became useless through infantile paralysis, is being treated at St. Luke's hospital, Chicago, with a lung machine. Tests are made at intervals, and in the early ones she was only able to breathe a few seconds, but the last test showed great improvement and she was able to breathe over ten minutes without the help of the machine.

CHICAGO, Sept. 26.—(AP)—The board of trade determined today to bar foreign governments from selling grain futures on its exchange.

Aroused by the short selling of wheat on the Chicago market by Soviet Russia, directors of the board ordered its business committee to take steps to end to bear raids and price manipulations. The committee was advised that unduly large short sales might be regarded as prima facie evidence of manipulation as distinguished from ordinary hedging sales.

Action of the board was announced in a telegram of Secretary of Agriculture Hyde, dispatched after the close of a dull market day in which wheat futures, still lacking any element of appeal to buyers, slid down to bottom prices unfamiliar in 24 years.

What Does Down  
The day's loss was from 2 to 2 3/4 cents a bushel. December wheat reached 80 1/4 cents and recovered only to 80 3/8 to 5 5/8.

No quiet was the pit that the smallest transaction caused price fluctuations, and buyers displayed meager interest in large Canadian exports. Sales and drought reports from the eastern hemisphere. The last minute decline coincided with renewal of reports of Russian offerings at Liverpool.

Without summoning witnesses, the board of trade business committee resumed its inquiry this afternoon into the Soviet Russian sales. It had the new mandate of the board directorate to employ vigorous measures to prevent bear raids, and it was expected the committee would formulate some plan to detect operations of foreign governments on the domestic market and perhaps draft a rule forbidding its members to handle such transactions.

The money was well divided. In the L. R. Banks \$1,000 stake three stables divided the money. A. Stuart took first, fourth and fifth on Carnation Lavendula, Carnation Ovation and Carnation Statesman; Aaron M. Frank farms took second on Buckley Delie; Mrs. John Hubly took third, seventh and sixth on Hilden Diana, Merry Lou, and an entry.

In the Aaron M. Frank farms stake of \$1,000 Peavine's Dream, Ben R. Meyer entry, walked off with first; Jewel McDonald, second, Noble's Choice, third, and Lulu Belle, fifth, Carnation Stable entry; fourth went to Carnation Dream, entry of Miss Elsinor Geta; sixth and eighth to entries of Mrs. James Carlton Mercer, Beggar Boy and Kimberly Mine; seventh went to Jean's Jewel, entry of Mrs. Harold Helverton.

D. Welty entries gobbed up three winnings from the \$500 stake for Shetland ponies on Lady Helen, first, Playmate, third, and Silver Crescent, fifth; Black Patton, and an entry took second and fourth for Miss Dolores Hubbard.

The appeal upon which the victory was won by Pantages was from Superior Judge Charles Friske's denial of a new trial.

The appellate court based its reversal on the commission of a prejudicial misconduct by District Attorney Buron Flits and his chief deputy, Robert P. Stewart, in their remarks to the jury attacking the opening argument of defense counsel, and three errors by the trial judge.
