

**Fine Weather
At Coast Found
By Howell Folks**

CENTRAL HOWELL, Oct. 1—Mr. and Mrs. R. C. Ramsden, Faye and Hollis went to the coast Friday returning Sunday. The weather at the beach was pleasant most of the time while they were there. They drove over the Sal-

mon river cutoff on the way over, spending the night at Taft. A drive down the highway to Newport was enjoyed Saturday. The party returned by way of Hebo. Mr. and Mrs. Charley Waltman and Lauretta of North Howell were with them. Wesley DeSart, old time resident here, has been making frequent trips to Portland for medical treatments but his condition is improved now and he hopes it will not be necessary to go any more.

**Convenience
is the keynote
of Cooking School demonstrations
of Ghirardelli's Ground Chocolate
—but flavor's
not forgotten!**

When you use Ghirardelli's Ground Chocolate you gain instant convenience—the convenience of cocoa's powder form; and yet you retain the full, fine flavor of chocolate. In baking, for example, all the dry ingredients go into the sifter together—the chocolate, too; no grating, no melting. See Ghirardelli's demonstrated at the Cooking School!

You will receive, free, one of these clever packets of prize-winning chocolate recipes—"Sweet Sixteen" Packet No. 2—a useful collection, on card-slips to go into your card file or your cook-book, as you choose.

COURSES OFFERED**

**State College Announces it
Will Give Credit for
Home Study Work**

OREGON STATE COLLEGE, Corvallis — Added opportunity for education in the home for Oregon citizens is offered this year as correspondence home study courses for credit and non-credit in home economics, vocational education and industrial journalism. These are for the benefit of those homemakers and others unable to devote the time or money to campus instruction, or who need a few courses to complete previous work, according to announcements just issued. The most extensive work of this nature is offered through

the school of home economics and under the auspices of the extension service. In addition to extension credit courses already started in Portland, this school is offering three credit courses by correspondence the same in content as similar courses on the campus. These are "Household Management," "Child Development," and "Clothing Selection." Three non-credit Courses Offered

Three non-credit courses open to all and for which certificates are given on completion of the work are "Family Life," "Behavior Problems of Children," and "Personal and Family Finances." These are designed for the general homemaker who desires to study systematically the late developments in these fields but not so thoroughly as necessary for credit. A phase of home economics extension work just started this fall is a "Parent Education Radio Club," to be conducted in connection with a series of lectures over the college station, KOAC. These clubs will meet every alternate Tuesday afternoon to follow

**SWEET POTATOES
COME ON MARKET**

Sweet potatoes are now coming onto the market in volume. The Pacific Fruit and Produce company has been receiving shipments from California and exports another car today. Oregon doesn't grow its own sweet potatoes, but depends on California, Turlock being the center of the industry there.

Celery is now at its finest and is being shipped from Lake Labish in heavy volume. Grapes, the choice concord and tokays, are now very plentiful and priced very reasonably. Every grocery has a fine lot of grapes in baskets or jugs for sale. Watermelons and cantaloupes are still on the market, also green corn, though the season will not last much longer. Fall vegetables: peppers, egg plant, squash are coming in to the delight of the housewife perplexed about her menus.

**State Fair Camp
Members Mourn
Fifteen Missing**

Resolutions of sympathy were passed by the Oregon State Fair Campers' association at its closing meeting this year. Short talks given by several members of the group also paid tribute to members of the association who had died during the year. During the service, "Nearer My God to Thee" was sung.

The following members of the association have answered the last "roll call" during the past year: Mrs. Charles Walter, Fred Yergen, J. W. LaBare, Jacob S. Buxton, Mrs. J. B. Simpson, Cornelia J. Greer, A. King, William C. Green, Erwin Dow, Ira A. Munkers, Dr. J. W. Dill, Mrs. J. T. Beckwith, A. Bailey, H. Ohling, J. A. Breeding.

**Power Company
Has new Plant**

The public service commission has been advised by the West Coast Power company at Bend that it has taken over the electric utility of the Edward Hines Western Pine company at Hines and is combining that plant with its Bend plant. The Hines utility, organized to serve the new lumber town of that name has ceased to function, according to the letter received by the commission.

your KITCHEN**

**PLUMBING ...
for the modern housewife**

Good plumbing does as much as any other one thing to make a house into a real home. The modern housewife's grandmother had to get along with the water-bucket, basin and pitcher; nowadays there is hot and cold water, convenient, whenever and wherever Mrs. Housewife needs it!

At this shop you will find every plumbing need and service. Don't delay plumbing repairs—winter will soon be here! We will be glad to give you any advice possible.

We are sure every housewife will enjoy seeing our display of latest plumbing styles at the Cooking School. Miss Goodwin, kitchen expert, urges good plumbing for the modern kitchen.

**A GOOD COOK
NEEDS GOOD THINGS
TO COOK WITH!**

The foods you use are just as important as the way you cook them.

That's why Miss Helen Goodwin must exercise the greatest of care in getting only the highest-quality groceries for her Statesman cooking school, which a great number of Salem women will enjoy this week.

Miss Goodwin selects all her fresh fruits and vegetables from this store. We invite you to follow her example. You will find courtesy and service at all times.
