COMPANY SETS BIG VALUATION FIGURE

The valuation placed by company appraisal on the properties of the Oregon-Washington Water Service company in Salem total more than \$1,600,000. This contrasts with the estimate of \$875,000 placed on the property by Baer and Cunningham, engineers for the city.

The company has not received official notice of the city's valuation as yet, the same going first to the council. The council will then make an offer to the company which the company has a certain number of days in which to accept or reject.

While Manager Delaney has had no word from the San Francisco offices of the company respecting their attitude, the wide difference in valuations seem to indicate the possibility or probability of a condemnation suit before the city acquires the property.

He served overseas with the Salem boys, among them Keene, in company M, and was active in legion circles at Willows.

He also leaves his two sons, five-year-old George, and four-months-old Robert.

PEDIATRIST MAY SUCCEED RUSSELL—If he accepts, a pediatricist of Lakewood, Ohio, near Cleveland, will be Dr. Edward Lee Russell's successor as school physician with the Marion county health unit. Dr. Vernon A. Douglas, county health officer and head of the health unit, said yesterday he had wired this man, a Western Reserve graduate, to come to the job here.

Name of the man is being withheld until there is assurance that he will accept the post here. Douglas was authorized late last week by the health unit executive committee to hire this man.

Dr. Douglas has been making investigations to find a suitable man to fill the vacancy here for several weeks, and believes the Lakewood doctor will fit into the work here admirably. His recommendations and experience point to that end. He has been engaged in public health work for four or five years, doing much the same type as would be required of him here.

CORNERS WIDENED ON COUNTY ROADS

Corners in two county roads will be cut back this week to afford better views of the stretches, reports the county roadmaster. One cut, made yesterday, is on the checkerboard - West Woodburn road at the highway, and the other on the Woodburn - reform school road near the county line.

The second cut, which will be started today, is what the roadmaster calls a quicksand proposition, and will entail more work than the one made yesterday. In order to make the wider angle on the Woodburn-reform school road, the ditch will have to be moved back, that is, most of the old ditch filled up and a new one opened.

Peter Jensen is in charge of both jobs. As soon as these two small jobs are completed, a creek around stream on the Woodburn-Mt. Angel road will be widened by throwing the stream away from the road and in nearer a straight line. The site to be widened is about 200 feet long and a mile from the Woodburn end of the road.

NEW PLAN TRIED IN ONE-ROOM SCHOOLS—An interesting experiment which may lead to reorganization of the one-room schools in Marion county is under way in two schools, reports Mrs. Mary L.

"Saving is the Road to Independence"

---America's Presidents have proclaimed

"I have never seen any road to independence except by saving. The man with only \$1.00 of assets has to take the first job offered him. The man with \$1,000.00 can take the choice of several. The man with \$5,000.00 saved can go a long way toward dictating who is to get his service."
President Herbert Hoover

"Prosperity is the fruit of labor. Teach economy. That is one of the first and highest virtues. It begins with saving money."
President Abraham Lincoln

"Economy and everything that ministers to economy supplies the foundations of national life."
"If you would be sure that you are beginning right, begin to save."
President Woodrow Wilson

"It is not so much what we earn today as what we save today that determines our position tomorrow. The margin between success and failure, between a respectable place in life and comparative oblivion, is very narrow; it is measured by a single word, Thrift. The man who saves is the man who will win."
President Calvin Coolidge
