

METSCHAN HAS FIRM SUPPORT

Campaign Formally Opened In County at Meeting Wednesday Night

(Continued from page 1)

The difficulty is within the party, not to bolt the organization, said the congressman. He cited Roosevelt as an unsuccessful "bolter" and said Roosevelt had admitted in after years that the formation of the progressive party was the one great political mistake of his career, one from which he never recovered.

Floyd Cook, chairman of the state central committee, spoke briefly, declaring that never in Oregon's history had so much money been spent by the independent candidate for governor. He said that in July, supporters of Meier quoted him as willing to expend \$150,000 in the campaign. Cook said this ranked high compared with Vane's expenditure of \$700,000 in a state with ten times the population.

Mr. Hawley spent the bulk of his time making a succinct statement on the work of the republican party in national affairs since March 4, 1921.

He said that under the leadership of this party the national debt had been reduced from 26 billion dollars to 16 billion dollars, while at the same time taxes had been reduced on four different occasions, the savings totaling 10 billion dollars. Hawley said the United States was the only nation in the world which so quickly and without economic distress, had righted the economic disturbance caused by the war.

Appropriations Increased, Word

At the same time the party had provided adequate external expenditures, the speaker declared. He said appropriations for public roads had been increased in the last session of congress from \$75,000,000 to \$125,000,000. Expenditures authorized for federal buildings are more than \$250,000,000. Expenditures authorized for river and harbor developments total more than \$150,000,000. Hawley credited the party with the passage of the Boulder dam irrigation and power measure.

Hawley said he was a republican because he was a firm believer in the American system, a protective system. He pointed to the economic development of America, with its resultant and concurrent moral and spiritual progress, as a result of the national prosperity this policy, inaugurated by Washington and carried on by Lincoln, had produced.

"Our policy has been adopted by other nations, who after the war sought for America's basis for economic progress," said Hawley. "It is not surprising that our political freedom coupled with our economic freedom has made the past century truly a marvelous age."

Questioned on his views on taxation, the congressman said he was a firm believer in the income tax.

"Those that make money should pay taxes," he said. "The farmer doesn't object to a tax the year he makes money; he dislikes to pay it when he loses."

Cost of Federal Government Lower

Mr. Hawley pointed out that 5,000,000 taxpayers had been relieved of income taxes paid at one time to the federal government. He said he advocated a state-national policy of taxation in which neither government would overlap in taxation, the field of the other. He pointed out that the great increase in taxation in the last decade had come from local and state taxes while federal levies have gone down.

The congressman indicated that inheritance taxes should be reserved to the state with the federal government relinquishing this form of raising revenue.

Jocularly, Hawley declared every time we have had a democratic office, we have paid the bill. There are good men and good women in the democratic party but their place is not holding office. We do them a real service when we keep them out of office."

The executive committee of the Marion county organization was ordered to secure headquarters campaign. Dr. B. F. Pound, treasurer of the county organization, is to receive contributions for the campaign here. J. C. Perry is to send literature to all precinct committee and additional material is to be sent from Portland.

Material for special platform for the band has been given by the Spaulding logging company and loud speakers which will enable everyone to hear announcements of the band leader will be installed from the platform by Radio Headquarters.

Members of the Lions club say that they are meeting with splendid cooperation on part of the fairboard and other state bodies.

GRAND Today—Billie Dove in "The Painted Angel." Friday—Jack Holt in "Vengeance."

BLIGH'S CAPITOL Today—Charles Rogers in "Follow Through."

THE ELSINORE Today—Douglas Fairbanks, Jr. in "The Way of All Men."

THE HOLLYWOOD Today—Van and Schenck in "They Learned About Women." Friday—Rod LaRocque in "Beau Bandit."

Don't miss "Follow Through," that is my advice to you, Dere Publick: If you do, you will miss a real show from the standpoint of beauty, photoplay, plot, humor, and natural acting.

The picture is done in technicolor and it is really artistic. Once you have gotten a glimpse of Nancy Carroll and Charles Rogers as they carry through the plot of the story you will not soon forget them. The bronze red of Miss Carroll's hair and the lovely coloring in her complexion is perfectly produced. The color is natural even to the blue of her eyes. It is my impression that she has never done better, if as good, acting as she does in this sweet and unsophisticated love story with its high comedy spots.

Charles Rogers, too, is excellent, and such a gorgeous tan as that boy has!

The wise remarks in the show form one of the best parts of it and Zelma O'Neil and Jack Haley are responsible for no small number of the ones that go over big.

All in all it is one of the best shows, as I said before, that has been along in a long time. Whatever is your weakness it should be satisfied with this happy and amusing comedy love story.

Pays up on Statesman 55th Year

F. G. Lench was in Salem yesterday to perform one of his annual rites—the renewal of his subscription to The Oregon Statesman. Mr. Lench who has 150 acres of choice land on route one, seven miles out from Salem and a mile and one-half north of Lincoln, has been doing this job for the last 56 successive years.

"Yes, sir, I can remember when Hy Gorman was the pressman and did the job on a hand press," laughed Mr. Lench yesterday. "It's only since 1903 that we have had a rural mail. I fathered the first route and we had 90 boxholders. Now we have over 300. I also secured petitions for the establishment of routes two and three out of Salem."

While 77 years of age, Mr. Lench is hale and hearty and takes full charge of the home farm which was a donation claim originally taken by his father. Save for 20 years when he had charge of another farm in the Lincoln area, Mr. Lench has lived on the home place all his life.

The congressman indicated that inheritance taxes should be reserved to the state with the federal government relinquishing this form of raising revenue.

Welch Hears Shot After Pair Separate

ROSEBURG, Ore., Oct. 8.—(AP)—Emery James, a member of the Salem police force, has been missing in the Umpqua National forest since Monday morning. Fellow hunters reported here today. James was last seen 15 miles east of the Wolf creek ranger station.

The missing man was a member of the party including John Brophy, Ladd and Bush bank, all of Salem; Charles Sherwood, of Amity; and Bud Welch, Salem.

James and Welch were hunting together Monday morning. They separated about 10 o'clock that morning, at noon Welch heard a shot. He waited for James' return but when he did not come back Welch sought the other hunters and they began a search for their companion. They continued the search until today when Brophy and Sherwood came to Roseburg to report the incident. They recruited a number of men to help them and returned to the search.

Reports here said rain and snow were falling in the forest. The hunters' camp is located in the Emile mountain district near the summit of the North Umpqua and Little River divide. Several hunters have been lost in that territory in the past few years.

Forces Advance In Revolt Area

RIO DE JANEIRO, Oct. 8.—(AP)—The federal government of Brazil, faced with revolutionary movements in the north and south, today poured out army and naval forces to crush the rebel armies.

The government devoted particular attention to the states of Minas Geraes to the northwest and Pernambuco to the north. A concentration was also being carried out in the state of Santa Catarina.

The main purpose of these movements was to prepare the ground for the ultimate overthrow of the rebel forces in the state of Rio Grande do Sul, where the insurrectionary movement has been centered.

OFFICERS ELECTED BY GIRL RESERVES

Maxine Murphy was elected president of the 5th and 9th grade Girl Reserve triangle at Parrish Junior high school and Nathalie Neer was chosen president of the 7th grade group at the same school when the annual elections were held yesterday. Other officers are:

Eighth and ninth grade: Maxine Ligon, vice president; Anita Savage, secretary; Arlene Cross, treasurer; and Marjory MacKenzie, program committee chairman. Seventh grade—Jane Lienkaemper, vice president; Dorothy Gibson, secretary; and Catherine Banta, program committee.

The Girl Reserves of Parrish are planning a party and reception for freshman girls to be held Friday night at the Y. W. C. A. The event will be a masquerade affair. Elizabeth Atkinson and Helen Price are advisors of the Parrish groups.

Three thousand feet of film taken at Camp Clatsop and Fort Stevens during the encampment, of the Oregon national guardsmen last summer were "previewed" last night by members of the headquarters' staff here.

The pictures were taken and shown by Captain John S. Hyatt, Portland, of the quartermaster corps.

ALFALFA HEARING WILL DRAW CROWD

The hearing scheduled by the state horticultural board in Portland this afternoon, to consider lifting of the quarantine against alfalfa shipments from Jackson county, will attract a large delegation from the southern part of the state, according to advices received by Governor Norblad.

The quarantine now in effect was established by the board when the presence of weevil in the alfalfa of Jackson county was first discovered.

Members of that section have petitioned the governor for a lifting of the ban declaring that the weevil menace has now passed and that continuation of the quarantine is working a great hardship in that they are unable to dispose of their hay crops. The governor has referred the matter to the board of horticulture for recommendations.

NASH

Announces

3 new EIGHTS and a new SIX

NEVER was such motor car quality offered at prices so sensationally low. The literally startling difference becomes at once apparent when you contrast the prices of the new and finer Nash series, with prices of corresponding models a year ago.

Its low non-productive overhead, its elimination of borrowed capital, and remarkably foresighted manufacturing alone enable Nash to offer so much for so little.

The unique example in value-giving thus provided

the industry was planned last November. At that time, C. W. Nash and the strong group of executives surrounding him, clearly foresaw present conditions. They set once began to design cars affording value so great, so unmistakable, as to overcome all buying reluctance.

The result is instantly apparent. Even casual inspection of the four new Nash cars establishes the fact that nothing even remotely approaching them in downright dollar value has ever been available in their respective price fields.

SENSATIONALLY PRICED!

STUDY THESE SENSATIONAL PRICES!			
Compare what is probably the most remarkable achievement of Nash in greater value-giving—the New Six—with the Single Six it succeeds. The new Six offers a multitude of superiorities—at prices which range from \$160 to \$140 below the prices of the Single Six.			
Body Style	The New Six W. B. 1107	Last Year's Six W. B. 1107	Price Difference
Sedan (4-door)	\$943	\$1008	-\$65
Coupe	\$798	\$940	-\$142
Coupe (ramble seat)	\$825	\$940	-\$115
Sedan (2-door)	\$798	\$935	-\$137
Compare the New Eight-90 with its two additional cylinders, its longer wheelbase, its larger, more luxurious body, with the six-cylinder car it replaces. Thus consider the remarkable fact that there is actually a <i>body price differential in favor of the New Eight</i> .			
Body Style	The New Eight-90 W. B. 1107	Last Year's Eight W. B. 1107	Price Difference
Sedan (4-door)	\$995	\$1085	-\$90

Coupe (ramble seat)	\$975	\$990	-\$15
Special Sedan (4-door)	\$955		
Compare the New Turb-Ignition Eight-90 Series with the 6-cylinder car it replaces. The Eight-90 is larger, longer. Design, appointments, upholstery are finer—prices are radically lower.			
Body Style	The New Turb-Ignition Eight-90 W. B. 1211	Last Year's Turb-Ignition Eight W. B. 1211	Price Difference

TIRE SPREADER IS DAMAGE SUIT BASIS

Because the Seth Leavens Tire company failed to restore to Walter W. Wolf or his trustee, in bankruptcy a tire spreader which a circuit court jury in July declared Wolf and the trustee, F. W. Waters, to be owners of, and entitled to possession of, Waters, as trustee, has filed damage action against the Hartford Accident and Indemnity company.

Waters seeks judgment of \$100 plus costs of \$18.25 in the action in July and \$150 interest, because the Leavens company has had the spreader in its possession since February 6, when Wolf went into bankruptcy.

The Hartford company is made defendant in this suit because it furnished bond of the Seth Leavens company in its replevin action to recover the spreader.
