To be a Healthy Woman watch your Bowels!

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

Dr. Caldwell's Syrup Pepsin is made from Fresh laxative herbs, pure pepsin and other harmless ingredients. It doesn't sicken or weaken you. No restrictions of habit or diet are necessary while taking it. But its action is thorough. It carries off the sour bile and poisonous waste. It does everything you want it to do. It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is sallow. When you've a sick headache, can't eat, are bilious or sluggish; and at the times when you are most apt to be constipated, take a little of this famous prescription (all druggists keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women.
