Endeavor to Maintain High Standard and to Encourage Experiment

A recent meeting of the board of governors of the Oregon Feed Dealers association initiated plans which may have a large in-linence on the stabilization of agricultural development in the state. Primary consideration of the board was devoted to plans for close cooperation with the Oregon State college in assuring the maintenance of the present high quality of feed produced by gon manufacturers for the the of the poultry and dairy in-

A committee to work with the department of dairy husbandry at the state college on establishment of a feed conference board was named by President W. C. Theda. This committee consists of Vernon Burlingham of Forest Grove, as chairman; M. S. Shrock of Milwaukie; and Arthur Bushman of Springfield. An early meeting of this committee with the state college authorities is
