

# Brazilian Rebels Route Federals From Last Southern Hold

## FLORIANOPOLIS TRADING SPOT

### Stronghold Surrendered After 9 Days' Fighting; Reports Conflict

BUENOS AIRES, Oct. 12—(AP)—News coming through Uruguayan sources today indicated the Brazilian rebels had routed the federals from their last stronghold in southern Brazil by capturing the city of Florianopolis.

That important trading center in the state of Santa Catharina has been virtually the only place in Brazil south of Sao Paulo that the government has held since the revolt began nine days ago. While rebel troops marched from the extreme south of the country, state of Rio Grande Do Sul, and went northward through Santa Catharina toward Sao Paulo, the federals held on to the coastal city and used it as a base for small operations against the revolutionaries.

Capture of the city—if confirmed—means that the rebels can consolidate their lines from the southernmost part of the republic to the Parana-Sao Paulo border region.

### Rebels Claim Large Gains Over Federals

Rebel sources claim continued advances against the government, although their announcements are disputed. General Miguel Costa, insurgent commander on the Sao Paulo-Parana front reported he had crossed the Sao Paulo border and captured the town of Ourinhos, Singues and Ponto Ribeiro, with his forces continuing toward Itarare, important railroad on a line leading to Sao Paulo.

General Costa told of other conflicts in his area, saying on his left insurrectionary troops had captured both Jacarezinho and San Jose Da Platina, state of Parana, where the federals fight without fighting. He added that another force under Ataliva Leonel had crossed the Sao Paulo border.

### Rio de Janeiro Claims Victory Over Insurgents

Dispatches from Rio de Janeiro quoted the minister of justice as giving a different account. He said 2,000 insurgents had been beaten off at Ponto Ribeira. As to the Jacarezinho conflict, he asserted that 2,000 federals had routed the rebels and had begun a southward march into Parana, heading for the city of Colonia Mineira.

Military observers here say the only thing definite is that fighting has occurred, whoever may have been the victor.

While their main force is concentrated in the south, the rebel chieftains claim gains in the northeast and the central portions of the country.

## Prominent men At Last Rites Of Jos. Marvel

WILMINGTON, Del., Oct. 13—(AP)—Persons prominent in the affairs of the state and nation attended the funeral today of Joseph Marvel, president of the American Bar association and democratic national committee man from Delaware who died Saturday from heart disease at the age of 64.

Honorary pall bearers were four past presidents of the American Bar association, Henry Upson Sims, Silas H. Strawn, Charles S. Whitman, former governor of New York, and Gurney E. Newlin.

Naval officials have taken over the \$2,500,000 munitions depot in Hawthorne, Nev., completed after three years of building igloo like magazines on the desert.

## LAURA INGALLS

Thirty hours and 27 minutes flying time from New York, Laura Ingalls, aviator, landed at Grande Central air terminal at 4:28 o'clock. She would have been there sooner she declared, if she had not run into a lot of unpleasant head winds over the mountains on her last hop from Kingman, Arizona. Miss Ingalls left Kingman at 12:35 p. m. and was an hour later than her estimated time of arrival.

### Attempt to Make Better Cross Country Mark Partly Complete

AMARILLO, Tex., Oct. 13—(AP)—Miss Laura Ingalls of St. Louis, and Robert Buck, 16, of Elizabeth, N. J., flying back east after setting transcontinental records in westward flights, were forced to spend their second consecutive night here on account of unfavorable weather conditions.

Setting a new east-to-west junior transcontinental record the youth was trying for the west-to-east mark, and Miss Ingalls who set a cross-country record for women on the westward flight was attempting to hang up one on the reverse route.

Buck' elapsed time from the Pacific coast was 9 hours and 33 minutes and Miss Ingalls' 9 hours and 59 minutes. He had flown from Newark, N. J., to Los Angeles, Calif., in 28 hours and 22 minutes and Miss Ingalls flew across the continent in 30 hours and 27 minutes.

## ILLINOIS OUT TO MAKE WORK

### Governor Will Appoint Commission; Dark Picture Seen at Present

CHICAGO, Oct. 13—(AP)—A group of business, labor and social leaders summoned to an unemployment conference by Governor Louis L. Emmerson today voted for the appointment by the governor of a commission to work on plans to alleviate conditions in Illinois. The governor said the commission would be put to work as soon as its members could be appointed.

"I do not want to paint the picture darker than it is, the governor told the conference, "but I think it would be a mistake to close our eyes to actual conditions. There are evidences of improvement and it may well be that, with returning confidence, industry will quickly resume its normal activities. I sincerely hope this may be the case, but in the meantime, whatever we can do towards relieving unemployment will be beneficial in restoring prosperity."

"Some estimates place the number of unemployed in Chicago at 10 per cent of all the workers in the city. Demands for help from those who cannot secure the bare necessities of life are more than double the normal number, according to reports of charitable institutions."

### \$50,000,000 Projects Under Way

The state of Illinois, the governor said, has done its "utmost" to better conditions. He said that the state's expenditures for road construction, including projects completed and those under contract, would total more than \$50,000,000. Road contracts alone, he estimated at \$37,000,000 of this sum.

"All of these contracts were awarded this year and the major portion of the work will be completed by the end of the present

aviatrix, seeking to better the transcontinental women's speed mark, landed here late today to spend the night, having clipped approximately 29 minutes from the Valley Stream, N. Y.,-Kansas City flying time of Laura Ingalls, St. Louis, the record holder.

## Texas Streams Again On Rampage; Brady is Center of Water's Raid

DALLAS, Tex., Oct. 13—(AP)—Fod by heavy rains which poured off already water-soaked lands, Texas streams went on another rampage today spreading their waters beyond their banks for the second time in a week.

Brady, a town of 5,000 population in McCulloch county, again bore the brunt of the discomfort and damage when the Brady river again overflowed, flooding 15 business houses and coming within two or three feet of last Monday's highwater mark, when \$350,000 damage to stocks of goods in 60 business houses was done and 200 persons were made homeless.

### Watts is Laid Up for Season Crippling U.

EUGENE, Ore., Oct. 13—(AP)—Oregon's Webfoot eleven was weakened seriously tonight by Don Watts, star halfback, receiving a broken collar bone in scrimmage practice. The injury resulted from a hard tackle by three freshmen against whom the varsity team was praying.

## MARINE POSTS NOW ARE OPEN

### Class six in Reserve Group Set up for Civilians Between 19 and 35

Many men who would like to serve in the marine corps but whose activities and association in civil life prevent it, have an opening now in the marine corps reserves, class six in which every married and single man may enlist, states Sergeant Mack Sherman, recruiting officer for the Marines in Salem.

Sergeant Mack says further: Men must be between 19 and 35 years of age, married or single, and must pass the physical examination and have good character to be eligible. The marine corps reserve was formed for benefit of men who could not join the regular service, and even though daily work occupies most of one's time, there is a place for men who want to enlist in the marine corps.
