

Turner Community Club Will Work for County Agent

TURNER CLUB OPENS SEASON

County Agent Question of Principal Concern in Community

TURNER, Oct. 15 — The Turner Community club held their first meeting of the fall season Monday night, with an interested crowd present.

Dr. H. C. Epley led the community sing with Mrs. Jean Pearcey at the piano, opening the 20 minute period of singing with "Annie Laurie." W. L. Teutsch, assistant county agent, leader of O. S. C. and who has been invited by granges and community clubs in the county to give talks on the county agent work, gave a short talk regarding the points in favor of such a system and answered some questions that had previously been asked. First that the movement had originated with the National Grange and Farmers union, who were instrumental in getting a bill enacted into a law in 1914, that would establish the county agent system, to be worked out by individual counties. The state of Oregon has 29 counties supporting county agents and a few of them support two.

Helps Many Farmers
The agents keep in touch with the latest bulletins, dealing on various subjects, this coupled with expert training, the agent is able to put into practice many new helps.

There are 4800 farmers in Marion county. Collective bargaining, pest control, controlling disease, buying and selling, were a few of the things mentioned in which expert help is practical.

J. Stalker, who is president of the Silverton grange was introduced and spoke of his being converted to the county agent plan not long ago.

He said if the majority of the counties of our state are finding the plan profitable, why can't we get the cost of 9 1/2 cents per \$1000 of property be not high finance.

A. Loe, president of Evans Valley community club out of Silverton, was asked for a few remarks.

He gave a few of the reasons favoring the county agent plan from a practical standpoint.

Favors County Agent
It was moved and carried that Turner community club would go on record as favoring the county agent plan and that the president of the club should name a committee of three to go before the county court, before the budget for the new year is made up. The committee to be named later.

Orchestra music was given by the Fowler quartet of young musicians. Owing to a lengthy program and a few of visiting speakers present, it was decided to leave the election of officers till next meeting. Miller Hayden was introduced and spoke briefly. W. Lowden of Washington county spoke at length on the political situation.

Mrs. S. A. Riches, chairman of the program committee announced the following program: the "Burial of Moses" an old classic was given by Mrs. W. T. Riches. A short skit, "The New Minister" was cleverly put on by Miss Mabel Tucker as the new minister, Mrs. U. S. Burgoine as Mrs. Smith and Miss Helen Peetz, the maid. The new minister made a call on Mrs. Smith to give condolence upon the recent death of her husband. After a lengthy conversation in which the minister could not understand the seemingly disrespectful illusions to the departed, he found to his dismay that he had called upon the wrong Mrs. Smith, who had just buried her favorite dog.

A very pleasing violin solo was given by Mrs. Jeanette Scott of Salem, who is the violin teacher for Turner school.

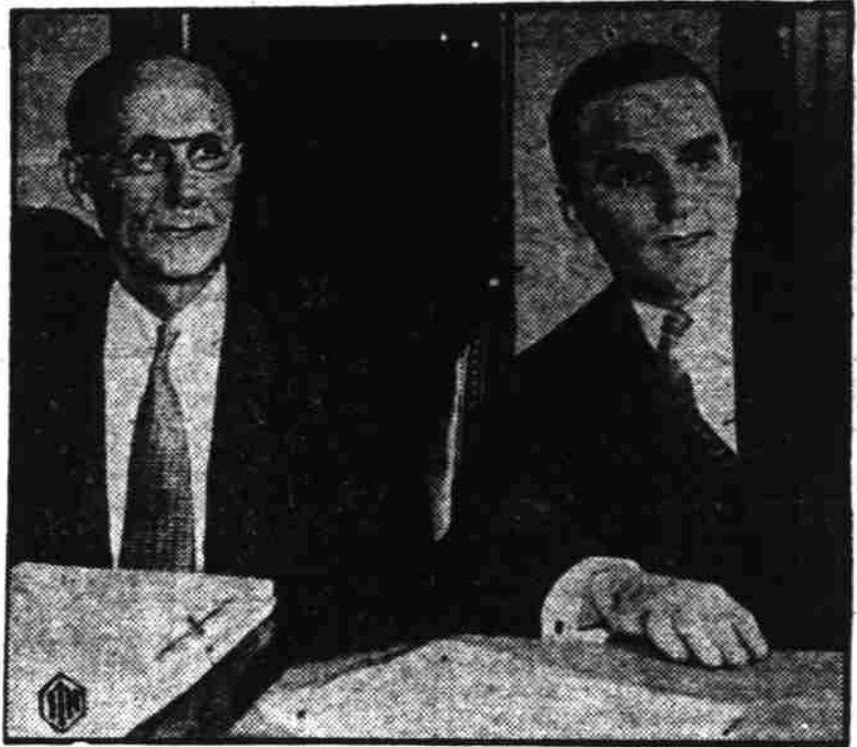

A quartet composed of Misses Helen Wittzell and Mildred and Maxine Spencer gave "O Night of Splendor," with Miss Josephine Gilstrap at the piano.

Reading "St. Peter at the Golden Gate" by Miss Leone Cook. Recitation by Iris Spencer, who is a tiny tot.

Solo "Two Little Stars" was given by Miss Gertrude Anderson of the Cloverdale district.

Mrs. Jean Pearcey gave two

Don't Squeeze Blackheads

—Dissolve Them
Squeezing out blackheads makes large, ugly pores. The safe and sane way to get rid of these blemishes is to dissolve them. Get two ounces of Calomel powder from your drug store, sprinkle a little on a hot, wet cloth, rub over the blackheads, and every one, big or little, will disappear at once. Adv.

Can't PLAY
Can't REST
—child needs Castoria

WHEN a child is fretful and irritable, seems distressed and uncomfortable, can't play, can't sleep, it is a pretty sure sign that something is wrong. Right here is where Castoria fits into a child's scheme—the very purpose for which it was formulated years ago. A few drops and the condition which caused the trouble is righted; comfort quickly brings restful sleep.

Nothing can take the place of Castoria for children: it's perfectly harmless, yet always effective. For the protection of your own peace of mind—keep this old reliable preparation always on hand. But don't keep it just for emergencies; let it be an every-day aid. Its gentle action will ease and soothe the infant who cannot sleep. In more literal doses it will

effectively help to regulate sluggish bowels in an older child. All druggists have Castoria; it's genuine if you see Chas. H. Fletcher's signature and this name-plate:

DISPLAY IS UNIQUE HISTORY IS DEPICTED

Woodburn Drug Store Window is of Interest

WOODBURN, Oct. 15.—A very unusual and unique display of old prescription books and crude drugs is being shown this week in the windows of the Evenden Drug company. The display features three old prescription books with prescriptions filed in them dating back to 1890. Old instruments used in the druggist's business are also shown. The mortar

and pestle, once the symbol of the druggist's trade has a prominent part in the display. Bottles of crude drugs are also shown.

A picture of the drug store taken 25 years ago has a prominent position. The picture shows the typical old time pharmacy of that day, a far cry from the modern pharmacy. The building where the present drug company is located is the same that housed the company 25 years ago. When the picture was taken the drug store was owned by a Mr. West. Before F. G. Evenden acquired the present store it was owned jointly by Rogers and Evenden and was known as the Rogers and Evenden drug company. A few years ago Evenden bought Rogers out and has run it himself. F. G. Evenden has been in the business 11 years.

Prescriptions Kept
During the existence of the company, every prescription issued by a doctor has been kept on file. The prescriptions, many of them written by prominent doctors of former days, date back to 1885, or one year before the present proprietor was born. A few weeks ago Mr. Evenden was asked to fill a prescription written in 1890.

Mr. Evenden is helped by two able assistants at present, Vance Coyne, a licensed pharmacist, and Betty Baillio.

The display was inspired by the National Pharmacists week.
