

ORCHESTRA TO BE ORGANIZED

Junior Symphony Group is Planned; Graham to Direct, Decided

The first active step in organization of a junior symphony orchestra for Salem was made on Thursday night in the chamber of commerce rooms when about 50 interested people and representatives of Salem music and service organizations met to discuss the possibilities and desirabilities of such an organization for Salem.

The result was the election of Miss Lena Belle Tartar, permanent chairman for the consummation of such an organization and the election of William Wallace Graham for the leader. With the organization completed, Salem will have the second such symphony group in Oregon.

People speaking in favor of and offering the support of various organizations were William McChist, Sr., representing the Junior League; Virginia Melton, president of the Salem MacDowell club; Mayor T. A. Livesley; Cameron Marshall, head of the music department of Willamette university; Mrs. Susan Varty, representing the Business and Professional Women's club; Mrs. W. H. Burgardt, from the Salem Chamber Music society; Mrs. Hal Hoss; Clifford Moynihan, from the American Legion; Rev. Albin Well, Unitarian church; Mrs. W. J. Minkiewicz, Salem Woman's club; Mrs. W. E. Anderson of Portland, who has been definitely and constructively connected with the junior symphony of Portland spoke of the work and the possibilities which Salem might rightfully expect from such an organization.

The idea of the junior symphony is an outgrowth of the nucleus brought together from Willamette university, and the Salem school system by Prof. Graham during the music week program last May.

the casing of the door opening from the hallway into the living room. Confronting the lad with evidence, Lawson made a signed confession in which he admitted the slaying.

Desire to use Car Reasoned

He explained that he wanted to use the Dickinson car and that Mrs. Dickinson would not permit him to do so. He did not later amplify this explanation and it was not fully accepted by the public here, but no further light was cast upon the case.

Lawson was indicted on a charge of first degree murder, but was allowed today to plead on the lesser charge, as it was considered doubtful, in view of his youth, that a jury would find him guilty without a plea for leniency, in which case the penalty would have been the same as for second degree murder.

HIGH SCHOOL SPORT HEADS TO CONVENT

schools this year are harmonious and Gary dictates a successful season to all lines of sport. Sentiment is growing in many schools in favor of a state baseball championship to be conducted under similar plans as the basketball championship.

Gary said that both Coach Paul Schissler of O. S. C. and Coach "Doc" Spears of University of Oregon, are in favor of such a tournament to be staged in alternate years at the two state institutions. The matter probably will be brought up for consideration at the December meeting of the state association when delegates from all sections of Oregon will be in attendance.

When asked concerning a state football championship football game, the West Linn school principal stated that no such game could be authorized inasmuch as the matter was considered at a previous annual meeting and the members had voted in the negative. It is not unlikely that the matter will again be brought up at this year's session.

Of 19,000,000 acres in South Carolina, only about 6,000,000 are under cultivation.

The Mickey Mouse club, children's organization of the Elsinore theatre, will celebrate its first birthday Saturday. The club was started by Col. D. E. Dow, former manager of the Elsinore shortly after he came here.

It is an interesting club; in that it has taught the young folk who belong to it one vital thing—how to keep quiet during a public program and how to applaud. There are many other things it has taught; self assurance on the stage for one thing, and cooperative effort for another, but the fact that the little folk who go to the Elsinore on Saturday afternoon know and give the proper sort of applause is one thing to be appreciated. The sort of whistling, stamping, and "whooping" that marked the applause Monday afternoon during the Marine concert program brought home the idea that there was a real need for some sort of training.

In commemoration of this birthday party which the Mickey Mouse club is having, several merchants of Salem have contributed presents. A list of benefactors is given below:

E. N. Simon, Salem Hardware, a knife; Woolpert & Hunt, a watch; Gunnell & Robb, a pair of shoes; Miller's Mercantile store, five gifts; Schaffer's Drug Store, a box of candy; Jones & Jones, a pair of gloves; Cherry City Baking Co., sending 100 "Trusty Mickey Mouse Cakes"; The Peter Pan Ice Cream Co., a special Mickey Mouse ice cream; The Elsinore, passes to 15 Mickey Mice.

ally be connected with Hogg pass over the mountains.

The senator explained that he had hoped Major Stewart, head of the forest service, could go over the road this month, but had been compelled to change his plans.

"Both Major Stewart and Mr. McDonald are familiar with the road plans and they seem very favorable to it," said the senator. I have no doubt from the federal government end that this road has very strong support.

"As chairman of the committee which has much to do with providing funds for such work, I consider I could be very helpful in the matter. It seems to me all that is needed is the approval of highway commission to receive a very favorable consideration all around for this project."

Senator McNary paid the county court a compliment on the roads in this county, saying Marion county had more good roads than any other county he knew in the state. He said he often drove in Virginia and believed the county here had more good roads than that entire state.

District Forester Buck explained to the court that the forest service next year planned to extend its road west from Suttle lake over Hogg pass and west towards the junction of the projected Santiam highways.

Funds to be allocated in November from forest revenues amount to \$1,340,000.

Mickey Mouse NOTES

By ZOLLIE VOLCHOK

Tomorrow being "Mickey and Minnie's" birthday, we're all going to have a good time. To start off with there will be cake, candy and ice cream enough to fill you all up, and many surprises which you shouldn't miss.

When you come in the show remember to keep your seat checks as the Mickey Mouse booters are going to give many gifts because in order to get a present you must have your seat check.

To get all the mice in on time the doors of the Elsinore will open at 12:15; be there on time!

I want about 50 boys to help me during the time cakes, candy, and ice cream are being served. See me at 12:15 and I'll take you in the show on condition that you work.

David Smith and Ruth Director are on the "Honor Roll" this week.

If any of you mice were born on the same date as Mickey, come to the office and see Chief Scott Saturday before one o'clock.

Chief Scott said that he is going to postpone the election of yell leader and song leader until a week from Saturday.

The main feature will be our favorites Buddy Rogers, and Helen Kane (the hoop-a-doop girl) in "Heads Up."

It seemed like there wasn't enough boys that played brass instruments for the band so Bill Brazeau and Professor Feugy decided to have a boys orchestra. Our Chief Scott will tell you more about it Saturday.

BOSTON, Oct. 16.—(AP)—The American Federation of Labor in convention here today reelected its entire set of officers headed by President William Green and selected Vancouver, B. C., as the 1931 convention city.

During the debate, insinuations were made and denied that the delegates were placing sentiment and "thirst" ahead of judgement in determining the winner.

WYOMING BLIZZARD FATAL TO AVIATOR

(Continued from page 1)

Caldwell's flying companion, Lieut. Irving A. Woodring, whose plane bore the documents of the Japanese ratification of the London naval treaty, made his way through the storm and continued on his mission to New York from Victoria, B. C.

Crushed and broken in the wreckage of his plane Caldwell's body was found on a hilltop near Lookout in the rugged country north of Laramie. It was apparent his plane had plunged to the ground at terrific speed during weather characterized by veteran mail fliers as "zero-zero," no ceiling and no visibility.

Army officers from Fort Francis E. Warren claimed the body of the aviator and were to bring it to the fort here tonight.

Lieut. Woodring also was lost in the swirling snowstorm that cost his companion's life, but was able, after two forced landings, to make his way here. Bearing the valuable document, Woodring took off for the east early today.
