Read What Expert Advertisers Say About Newspaper Advertising

B. F. GOODRICH COMPANY: "The B. F. Goodrich Rubber Company has spent hundreds of thousands of dollars in newspaper advertising. This investment was justified by the fact that in our opinion newspaper advertising is the best action advertising available. We know from experience that newspaper advertising hurries merchandise from the dealers' shelves into the hands of consumers when the right appeal is used. We shall continue to use the daily newspapers to carry the brunt of our sales attack at the height of the tire-selling season."—P. J. Kelly, advertising manager.
