An interesting meeting for the Town and gown club was that held at Lausanne hall Thursday afternoon with about 40 members of the club present. The program included solos sung by Miss Josephine Albert accompanied by Miss Miriam Armitage and an address on "Glimpses of Russia" by Prof. Ralph Winn.

In speaking of Russia Prof. Winn ventured the opinion that there are psychologically two distinct classes in Russia today and that as soon as Russia improves in her ideals she will give up communism and a new and better Russia will be the result. Prof. Winn characterized the Russians as people ready to take up new ideas and pointed out that because of this there are many changes ahead for the country. Adult education is one of the greatest needs of the Russians today according to Prof. Winn.

Beautiful hair!

Modern hair dressers arrange hair so beautifully that it's bound to attract attention. That's why it's so important to guard its color and lustre; keep it in perfect condition.

There is no surer, simpler way to do this than with Danderine. Each time you use your brush, just moisten it with this delicately fragranced liquid. Then as you draw it through your hair, it removes the excess oil; brings out the natural color; makes the hair fairly sparkle with new life and lustre.

How much easier it is to arrange the hair afterwards. How it stays in place. And try "setting" the waves with Danderine. They stay in so much longer.

Danderine quickly dissolves the crust of dandruff; puts the scalp in the pink of condition; helps the hair to grow long, silky and abundant!
