## FELINE PLUTOCRAT

"Mitzi" is far from being one of those "suffering cats" you hear about — if money means anything. For "Mitzi" is an 18-year-old pet Persian cat, remembered to the extent of \$15,000 in the will of its late Mistress, Mrs. Maude F. Ide of San Gabriel, also known as Dr. Maude F. Cain. Of an estate valued at \$500,000, Mrs. Ide provided that the valuable home in San Gabriel and \$15,000 be placed in trust "for the purpose of providing upon said premises a home and proper care for my cat, Mitzi, in case it survives me, so long as it shall live."

## WOODBURN HAS NEW SYSTEM

### Unique Type of Report Card To be Used in High School

WOODBURN, October 28.—A new and probably better type of report cards will be used at Woodburn high school this year. The new report cards will be of more informative value to the parents, as they give a graphic view of just what the individual student is doing personally, as well as in relation to his classmates.

The new cards have spaces where the distribution of grades in the entire class is given and a circle is to be drawn around the class in which the individual falls. The grades are awarded according to class marks and a definite percent of students get 1's, 2's, 3's, 4's and 5's.

At the bottom of the card there is an attendance record, stating how many times the classes met, how many times the pupil was absent and how many times the pupil was late.

Attitude checked. On the reverse side of the card there is list for attitude marks for each six weeks passed. Grades will be given for attention, effort, honesty, interest, courtesy, respect for property, carefulness and behavior. The cards will be good for the entire year and are not to be discarded after the parents see them.
