

FARMER-LABOR MEMBER EYED

May Hold Balance of Power If House Deadlocked; Remains Silent

(Continued from page 1.)
succeeded his father last year. He said at that time that he had 12 Friends Urged Him To Join G. O. P.
"I have decided to file as farmer-laborite. That is the party my father represented and I am filing chiefly in response to the wishes of my father's friends in that party. I could not in proper respect to his memory and principles, become a candidate on any other ticket, although I appreciate the consideration of those who have suggested I file as a republican."
He was re-elected this week, defeating his republican opponent Frank Hopewell by a 51,791 to 12,741 vote on the basis of returns from 343 precincts out of 393.

NOMINATIONS MADE BY DENTAL SOCIETY

Nomination of officers for the new year was made at the regular meeting of the Marion-Polk-Yamhill Dental society held last night at the Gray Belle, with but one name suggested for each office: Dr. Floyd Utter, president; Dr. O. A. Olson, vice-president; and Dr. K. H. Waters, secretary-treasurer.
Speakers at the session were Dr. Utter, who read a paper on "Super peristaltic injection" which was discussed by Dr. L. V. Schmidt; and Dr. B. P. Founds, who talked on "Quartz Lamp Therapy."
The local society will meet in Corvallis November 22 with the Southern Willamette Dental society, at which meeting program will be given by the Marion-Polk-Yamhill dentists. Dr. W. A. Johnson and Dr. Utter have general charge of arrangements for the program.
The tri-county society is continuing preparations for the mid-winter dental clinic, to be held here probably in February. Dentists from all over the state will be invited to attend this clinic. A similar clinic, and first for this section, was held here last year with practically no success.
Members from out of town present at the meeting last night included: C. F. Foster and Mark Hayter of Dallas; A. F. DeLespinae of Hubbard; R. W. VanValin and Frank Lutz of Newberg; and H. W. Bladron of Woodburn.

R-101 SAID FAULTY PRIOR TO TRAGEDY

(Continued from page 1.)
was, with the exception of the padding, in the same condition as when he had first reported leaks.
McWade testified after Sir John had read his memorandum recommending alterations in construction and another document in which Colonel V. C. Richmond, also killed in the crash, noted that the leaks were decreasing the ship's lifting power.
Colonel Richmond's memorandum, also filed last July, was written after he had observed that the dirigible handled heavily in a trial flight. His own inspection, he wrote, indicated that the loss of lifting power amounted to about one ton per square foot of hole in 12 hours. It was an alarming condition which required attention, his memorandum said.

ROOSEVELT BOOM WITHOUT HIS AID

(Continued from page 1.)
the past two years I have stated unequivocally that I am giving no consideration or thought or time to anything except the duties of the governorship.
"I repeat that now, and to be perfectly clearly understood, you can add this applies to any candidacy national or otherwise in 1932."
"Experience shows me that I was right two years ago in believing that I should give all my energy and thoughts to the governorship of New York and nothing else."

Merchant Forum Is Scheduled at Elks Club Nov. 18

Plans for a merchants' forum for November 18 to be held at the Elks club as a dinner gathering, were announced Friday at Ad club by Gardner Knapp. This year the forum will be held before the Christmas season instead of afterwards in former years.
Edmond C. Bechtel of Portland has been secured as one of the speakers. His topic will be "Merchandising and Modern Times." Knapp hopes to see attendance marks set at the meetings held in former years exceeded. Every Ad club member will be asked to help with the sale of tickets.

RAIL OFFICIAL DIES

PHILADELPHIA, Nov. 2.—(AP)—James T. Wallace, assistant vice-president in charge of operation of the Pennsylvania railroad, died suddenly today at his home in St. David's, a suburb. He was 62.

GIFT BABY'S RETURN DEMANDED

Baby Lillian Jean, above, is too young to realize what the "big fuss over her" is about. Her mother, Mrs. Aline Alexander (inset), seeks writ of habeas corpus in battle to regain custody of her little daughter. Her fight is directed against Dr. Courtland E. Sember, Oakland, California, physician, and his wife, Annetta, to whom she is alleged to have given her baby daughter, following a chance meeting on a downtown street.

SCHOOL CAFETERIA AT DALLAS ROBBED

DALLAS, Nov. 7.—The Dallas high school building was broken into some time during Thursday night and \$25 belonging to the school cafeteria was taken. Entrance was gained by going through the skylight in the boys dressing room of the gymnasium, the glass was broken and the wire netting cut.
The cafeteria will be handicapped by the loss, since the money had to be used in paying current bills. It was in one of the offices on the main floor, and the door was removed from the hinges for access to the room.
Last year the building was entered and papers and files in the superintendent's office ransacked.

DONATION OF TOYS FOR NEEDY SOUGHT

Old toys, broken toys, abandoned toys, memories of little tots now grown and gone—it is these which Salem firemen are asking Salem people to donate to them as gifts to needy children this Christmas.
Today Boy Scouts are to call on any homes which will give these toys and will take them to the East Salem fire station where the rehabilitation of the toys will be carried on.
The first call for toys was issued in September but the response thus far has been poor. November 14 at 9:00, toys were given and the firemen found happy recipients for every toy.
Citizens are asked to telephone 95 and tell the firemen of the toys available and a scout will be dispatched to collect them. Or the toys can be brought direct to the fire station on 18th and State streets.

CIRCUIT COURT TO RESUME ON MONDAY

November term of circuit court will open Monday for department one, presided over by Judge L. H. McMahan. Following cases have been set:
November 10 at 10:00, State vs. Dickerson vs. Tokstad, one day.
November 12 at 10:00, Wagner vs. Foules and others, one day.
November 13 at 9:00, Montgomery vs. Alexander, one day.
November 14 at 9:00, Ling vs. Richfield, two days.
November 17 at 10:00, Olson vs. Street, one half day; and State vs. Wood, one day.
November 18 at 9:00, Nelson vs. United States Casualty company, one day.
November 20 at 9:00, State vs. Young, one day.
Cases set for December term of department two, presided over by Judge Gale S. Hill, are:
December 3, Saffron vs. Malzeis.
December 10 at 9:30, Bratzel vs. Stafford.
December 11 at 1:30, Smith vs. Mähler.
December 12 at 9:30, Potter vs. Anderson.
Judge Hill will be here Monday, November 10, to hear arguments in the Byrd estate, an appeal from the county court on attorney's fees and proper disposition of interest from certain sums of money.

CORRUPTION SEEN IN MEMPHIS VOTE

WASHINGTON, Nov. 7.—(AP)—Tuesday's elections solved some of the problems of the senate campaign funds investigation committee, among them Ruth Hanna McCormick, but its chairman, Senator Nye said today he had seen enough to convince him that more stringent laws governing voting were needed.

DEMOCRATS LIKELY TO CONTROL HOUSE

Republican in That Case To Lose Chairmanships Hawley Explains

If the democratic party secures a majority in the house of representatives, organization of that legislative body will be in the hands of that party, said Congressman W. C. Hawley yesterday. The time he made the statement 216 seats were sure for the republicans, 217 for the democrats and one contest was in doubt. In addition a farmer-labor candidate had secured election.
Hawley pointed out that in event the doubtful contest went to a republican the farmer-labor member would control the house, and whether he went republican or democrat would decide which party organized the house.
Some Losses Anticipated
In event the democratic party organizes the house which contemplates its short term normal month, all committee chairmen and the majority members of the committees will be democrats. The speaker will also be a democrat.
Hawley said the republican party had anticipated that it would lose some of the strength it acquired in the Hoover landslide two years ago. A number of republican congressmen were elected in 1928 in normal democratic years. These were almost sure to go back to the democratic standard, Hawley thought, but he did not anticipate as sweeping a landslide to the democrats as came.

Hawley said the republican party had anticipated that it would lose some of the strength it acquired in the Hoover landslide two years ago. A number of republican congressmen were elected in 1928 in normal democratic years. These were almost sure to go back to the democratic standard, Hawley thought, but he did not anticipate as sweeping a landslide to the democrats as came.
Congressman goes east about November 20 and will be in Washington until March.

ERICKSON ASSISTS AIR PHOTOGRAPHY

Frank M. Erickson, Jr., son of the dean of the college of Liberal Arts of Willamette university, is making himself valuable in the work of giving to news readers a graphic idea of the fires in southern California. Mr. Erickson is chief pilot of the Curtis-Wright Flying Service which has hangars at Mines field and the Grand Central Airport Terminal in Los Angeles.
The work of Mr. Erickson consists of taking photographs aloft and over the fires from the field under the direction of the Times, a Los Angeles daily paper.
Through this work, several unusual and authentic pictures have been taken at a risk. There is some danger due to smoke clouds and other hazards. One of the worst of these hazards is the presence of air pockets which, if large enough, may cause a plane to drop into the furnace-like mountain sides like a plummet. Only expert pilots can and will risk their planes over such a location.

DE MOLAY-RAINBOW PLAY APPRECIATED

By OLIVE M. DOAK
A Sophisticated and poised with a delightful appreciation and sensitive interpretation of the subtle lines of Oscar Wilde's cleverly amusing comedy drama "The Importance of Being Earnest" marked the presentation of this play by Chemeketa chapter of De Molay, and Chadwick assembly Rainbow for girls in the high school auditorium Friday night.
Criticism has been hurled at those who would choose plays over the head of youth, but it appears that youth may live age if it properly understands what is to be felt in age; and again one appreciated with the excellent makeup of the characters Friday night just what power it has to carry over the nice shadings of effect. Miss Genevieve Thayer was responsible for the finished make up of the cast.
The characters were exceptionally well cast and each carried his part in the manner of an artist. It is necessary to speak especially of the smooth, sensitive work of Don Fougade whose work was remarkably mature. Billy Dyer whose amusing naturalness as a nervous and egotistical man of standing won the admiration of the audience and gave it many a good laugh. Miss Betty Mae Hartung was delightfully refreshing in the part of a romantic young girl and Miss Ruth Fleck was surprisingly subtle and expressive of the aristocratic young English noblewoman. One must not forget the work of Dorothy Alexander, which carried through a difficult part with credit, and the highly sympathetic interpretation of Fern Harris in the part of the inhibited governess was a delight.
Other members of the cast, Richard Upjohn as a servant, Reginald Rees also a servant, Josephine McGilchrist, Larkin Williams as the rector all made admirable appearances.
Miss Margaret Burroughs coached the play and she most certainly has much to her credit for the manner in which the mature sophistication of Oscar Wilde was given to the audience Friday night with hardly a point missed. The play was that there were not more of Salem folk to enjoy this play.

EX-WARDS HONOR CHARLES J. LISLE

(Continued from page 1.)
In his undertakings. As a boy he became a printer, later a soldier in the last of the Indian wars, then a volunteer in the Philippines, helping subdue the insurrection there and winning distinction for himself and those in his command.
He was an aggressive journalist and a prominent in publishing newspapers in the state of Idaho. He wrote for magazines of nationwide circulation. Music and sports received a portion of his interest.
Lisle's collection of firearms has been considered one of the most complete in the northwest. Tributes in token of his service and character were paid at the funeral service by Dr. Carl Gregg Dorn and Rev. John T. Woodbury, one of the parole officers at the training school. Solos were sung by Mrs. Myers and Ronald Craven.
Gravestone services, including taps and firing squad, were given by the Spanish War veterans.

W. U. MINSTRELS PLEASE AUDIENCE

An imposing array of "fish and soup" snits and well blacked faces graced the platform of Waller hall of Willamette university Friday night when the Willamette Men's Glee club presented an evening of negro minstrel number.
The program was made up of songs, instrumental numbers and the inevitable blythe between endmen and interlocutor, all of which met with a warmly spontaneous reception from the university audience which, though small, was enthusiastic.
The complete glee club personnel presented two numbers which added to the attractiveness of the program. The stage appearance of the minstrel show was one of the best made by a university production for some time.
MILLFIELD, O., Nov. 7.—(AP)—The deep tunnels of No. 2 mine of the Sunday Creek Coal company gave up the bodies of four more miners late today, bringing to 33 the known dead in last Wednesday's explosion.
Discovery of the bodies was made by fellow miners and inspectors of the federal bureau of mines.

SPORTING

The Duke of Manchester, known as England's sporting Duke, arrives the Goddess of Liberty as he approaches New York on the S. S. Majestic, prior to spending a New World holiday. The titled visitor has a wide circle of friends in America, he having married the former Helena Zimmerman, an American heiress, in 1900.

Aborigines? Sure We are Indians Say

Coach R. G. Downie of the Chemawa Indian school branded as a fabrication a story appearing in Portland newspaper that his football team had refused to play a Reed college team because of the name "aborigines" used in announcing the contest.
"My boys don't mind any of the names correctly applied to Indians," Downie said Friday night. "The Indians are aborigines of this country as the white people are aborigines of some other. They do object to 'Siwash' because it fastens on them the reputation of a tribe to which they don't belong."
The game was cancelled several days ago because the hour conflicted with school work, Downie explained.

October Court's Jury Discharged

Members of the jury which sat on circuit court cases during the October term of court were discharged yesterday after case of Bank of California against N. Schmalts and Sons had been finished. The 23 persons who served on the jury in the term received a total of \$1,058.10, which excludes the bailiff's services. This jury payroll is not quite as large as usual.

NO! "Love in the Rough" DID NOT COST \$5,000,000.00 TO PRODUCE

It hasn't any War Scenes, or Airplanes, or Beer Barons, or Machine Guns. Not even a Gangster's Gat.
But it has a Grand Story. Rich... Honest to Goodness Comedy and what a Charming Cast... "LOVE IN THE ROUGH" is the picture with a Personality, the kind of Movie you love to spend a few hours with... Here is the Gay Country Club romance that presents the most endearing of all Screen Lovers, Robert Montgomery and Dorothy Jordan.
Not Colossal but Awfully Clever... Peppery light drama, chock-full of chuckles and loaded with laughs... They thought he was a Millionaire, but all he had was Nerve, a Million Dollar Smile and a 300 yard drive on the golf course... On the stage "LOVE IN THE ROUGH" was a great Broadway Hit... On the Screen it is a Nation-wide Triumph... In other words it's a Darn Swell Show.

DANCERS DEPRIVED OF QUALITY HOURS

A conditional loss of 10 semester quality hours will be the penalty for every Willamette university student who attended the dance the night of October 31. These terms will be enforced providing those students involved will see either the dean of women, the dean of the Liberal Arts college or himself, stated President Carl G. Doney in an address, Friday, in chapel.
Those students who do not see one of the three executives will lose the quality hours for the year. Those who see the three and have a good record for the rest of the year, will have the credits returned to them in June.
Over 325 signatures are on the petition which will be presented to the board of trustees for a hearing on the dance question.
In making the decision in regard to the hours of work being recalled, Dr. Doney is enforcing the ruling that Willamette students are not to hold dances under auspices of any university organization.

REPORT UPON DRY LAW IS DUE SOON

WASHINGTON, Nov. 7.—(AP)—President Hoover's law enforcement commission had forced today at a definite formula for writing its prohibition report and with nearly a dozen definite recommendations before it found the end of its task at least in sight.
Virtually every member of the commission has prepared in written form just what he or she thinks should be done about the dry law. With these views before the group and with an immense volume of impartial prohibition material available as background—including facts and figures on the Swedish and Canadian liquor control systems—the members are now joining the parts into a definite whole.
The actual writing of the final report to President Hoover and to congress was described at commission headquarters today as not yet begun. It was assured, however, that progress has been made in bringing the 11 minds into at least partial unanimity on some points but with a final showdown still in the offing.

THOMAS BOUND ON BURGLARY CHARGE

Orville Thomas, youth charged with being one of three young men to break into a store at Pratum recently, waived preliminary hearing in justice court Friday and was bound over to the grand jury. He was held in the county jail after the hearing, being unable to furnish bail.
V. J. Krehbiel, owner of the store, signed the complaint against Thomas.
Two other men, believed to be involved in the robbery, are being held at Oregon City. Their names are Archie Evans and Charles Rice. A large quantity of loot was taken from the store, the merchandise being hauled away in an automobile.

AID TO DISTRICTS OVER TWO MILLION

The state of Oregon has advanced to irrigation and drainage districts, for the payment of interest on bonds, the amount of \$2,174,760, according to figures made public here Friday by C. E. Stricklin, state engineer.
The constitutional amendment authorizing the state to guarantee and pay interest on bonds issued by irrigation and drainage districts, for a period of five years, was repealed at Tuesday's election.
Stricklin said that by the time the last bond is paid, the amount of money paid by the state under this amendment will exceed \$4,583,000. Thirteen irrigation districts have defaulted in their interest, and are now in various stages of reorganization.

Eakin Speaker At Kiwanis on Armistice Day

DALLAS, Nov. 7.—J. B. Eakin, past commander of the local legion post and now commander of the first district was speaker at the Kiwanis luncheon Friday. His
