Drowning of 18 at Eureka Only Fatal Wreck; Tanker Piles on Reef but Crew Refuses to Leave

SAN FRANCISCO, Nov. 10.—(AP)—The Pacific ocean which took 18 lives over the week end and battered shipping up and down the coast before shrouding its deers in dense fog and a temporary calm, was due for a new storm tonight.

At Eureka, Cal., where 18 men drowned when the lumber schooner Brooklyn broke in two Saturday night, hundreds of men patrolled the beaches seeking bodies but only wreckage of the craft was found.

Portions of the deck, engine room, lifeboats and parts of the superstructure lay high on the beach today. The fragments littered the strand for eight miles. An airplane flew down the coast in a fruitless search for bodies.

At Pescadero, 50 miles south of San Francisco, the Richfield Oil tanker Tania lay high on a reef with 40 of her crew of 41 still aboard. The tanker piled on to the reef Thursday night. The crew refused to leave the vessel, hoping the salvage ships that hovered nearby would be able to pull the craft off the rocks.

Another ship, the navy cruiser Missoula, being towed to San Francisco to be scrapped, broke loose from its tug off the Oregon coast and drifted in the storm with a crew of 11 aboard.

The coast guard cutter Saracac finally got a line aboard and began towing the vessel to port. At San Francisco the tug off fall tide floated a blanket over the bay district, causing disrupted ferry schedules and keeping three battleships standing at sea, unable to enter the Golden Gate.

The vessels were expected to take part in Armistice day exercises tomorrow. More than 12 other vessels were delayed outside the harbor, awaiting a break in the fog.

CHICAGO, Nov. 10.—(AP)—Congressman Stanley Kunz, democrat, of the eighth Illinois district, defeated Tuesday by Peter J. Granata, republican, charged tonight that "Scarface Al" Capone, gang leader, stole the election from him with guns and cash.

The congressman said he was gathering evidence in affidavit form through the six wards of his district to support his charges, that he will ask federal intervention in the case as soon as formal proclamation of the election result is made and that, when congress reconvenes, he will seek congressional investigation of the election.

The unofficial tabulation of the vote cast showed that Kunz was defeated by about 1,400 votes, he said, although the democratic ticket swept the district. On the basis of straight democratic tickets voted, Kunz said, he should have won about 10,000 votes.

"Great Britain, while perfectly prepared to lead the way, looks behind at the same time as she looks before her, and wants to know how the other nations are following her because she cannot allow herself to be isolated in the steps she is taking to secure peace."

He said he had the "most hopeful expectations" of the naval negotiations which have been renewed between France and Italy.
