Men and Women to Compete in Giving Programs

ROBERTS, Nov. 17.—The women of the community club met Thursday at the home of Mrs. Roy Rice and made plans for the two programs which they will put on in competition with the men. Mrs. Rice was appointed as general chairman with Mrs. W. C. Pettyjohn as assistant.

The school will hold a basket social next Saturday night and will put on a program in place of the regular community club program. A large crowd is expected as every one in the district is interested in helping the boys and girls raise money for better school equipment.

WHEAT GOES UP TO 30 CENTS HIGHER LEVEL

CHICAGO, Nov. 17.—(AP)—Climbing up in lively fashion as much as 3 to 8 cents a bushel, the Chicago wheat market today closed with most of the gains tightly held. The rise was attributed to the extensive new purchasing operations on the part of the United States farm board and to a statement from leading Canadian banks that the Canadian growers' pool would not be compelled to sell out on a depressed market.

Estimates were current that government sponsored agencies in the United States have acquired ownership of more than 20,000,000 bushels of future deliveries of wheat and there were authoritative statements that further purchases of like character might be expected if necessary to sustain the domestic wheat price level.

Cherry Tariff is To go to Board

WASHINGTON, D. C., Nov. 17.—The tariff commission has set December 18 as the date for consideration of the tariff on cherries, sulphured or in brine, an item which was bitterly controverted in the congressional tariff fight and finally was settled on the basis in line with wishes of the Oregon growers.

EGG PRICES RAISE THREE CENTS FINER WOOLS IN MUCH DEMAND

PORTLAND, Nov. 17.—(AP)—Brisker demand for strictly fresh eggs, together with a slight decrease in volume of fresh receipts resulted in higher quotations in the wholesale trade today.
