

# UNION HIGH QUESTION UP

## Grand Island District Wanted by Both Dayton and Amity

GRAND ISLAND, Nov. 20.—The Union high school problem has again been brought before the residents of this district. Nearly six years ago the same question was agitated here with no gain and some hard feelings. This however has been healed during the last few years.

Two years ago a bill was passed in the state legislature to prevent more than one high school bus from coming into a given territory. This seriously effected the island as the Amity and Dayton buses were both entering the district. This question was decided by the district boundary board who gave Dayton the territory.

Amity feeling that this decision was unfair, appealed to State Superintendent Howard. After a very peppy meeting in which both districts, Amity and Dayton, were represented. Superintendent Howard made his decision. Mr. Howard felt that the district boundary board knew the island district and its relative location to the two town districts in a more personal way than he did and if the board had given the territory to Dayton that was the wisest move.

This left the decision unchanged and Dayton still had the island district.

To enforce this law seemed to be a very different proposition. Attorneys had conflicting ideas on the law so it never seemed possible to enforce it, thus the two buses continued to run.

This fall on October 27, D. Lynn Gubser, principal of the Dayton school attended a meeting on the island and as fully as possible explained taxation in connection with a union high school.

On November 10, Mr. Gubser met with the boards of education and clerks of the various districts interested in unionizing at the Pleasantdale schoolhouse. Both Amity and Dayton were on the alert and had petitions circulated over the island and filed at once in the clerk's office in McMinnville.

Meeting Held  
Saturday evening, November 15, a meeting of all legal voters in the island district was held in the schoolhouse. After a very broad and interesting discussion a motion was made and carried that signers of both petitions sign another petition petitioning their names off the original petitions and that one petition not be withdrawn without the other. A committee consisting of two signers from each petition was then appointed to go to Dayton and Amity to get all data available as to what they might offer toward a union high school. This committee after acting Monday decided to let things rest until after another mass meeting could be held. If, after this meeting, it is decided to withdraw from the proposal union high school the remonstrance will then be filed.

# WOODBURN COUNCIL WORK IS DELEGATED

WOODBURN, Nov. 20.—The Woodburn city council met for the first time in the new administration period at the city hall Tuesday night. As there was no old or new business to come before the meeting, the re-elected mayor, W. H. Broyles, appointed the various officers and committees for the coming year. All the former city officials were retained.

H. Soule was appointed water commissioner again, John Murr, street commissioner, Blaine McCord, city attorney and Dr. Gerald B. Smith city health officer. Probably through an oversight, Mayor Broyles failed to appoint a city marshal. It is thought that Theodore Nehl will retain his position of marshal, however.

C. J. Espy was elected council president. Various committees were appointed by the mayor. They are: water commission, C. J. Espy and George Clark; street committee, J. H. Livesay and S. A. Hofer; finance committee, C. J. Espy and S. H. Hofer; fire board, J. H. Livesay and George Clark; ordinance committee, C. J. Espy and George Clark.

It was declared that the salaries of the various city officials remain the same. Theodore Nehl, city marshal, was granted a ten days' vacation.
