bridge near the S. A. Riches place, at a good rate of speed. When the brakes were used, the car plunged from the top of the bridge about 20 feet down into the ditch filled with water; their Chevrolet coupe turned over and was completely wrecked. The top of the machine saved the occupants from being crushed.

They crawled out, and applied at a home nearby for first aid. The man hurt worst had head bruises and cuts about the face, and appeared to have a piece of glass in a cut under an eye.
