Wadde Well

Every person who is troubled with gas in the stomach and bowels should get a package of Baalmann's Gas Tablets and see how quickly they will relieve all distressing symptoms. Sharp pains in the abdomen or about the heart are often due entirely to gas pressure. Sometimes the circulation is restricted, causing the hands and feet to grow numb. Usually there is much gurgling or rumbling in the bowels. Many sufferers complain of a gnawing feeling in the stomach, extreme nervousness, heartburn, drowniness after eating, headaches, disay spells or labored breathing.

Baalmann's Gas Tablets taken at meal time not only prevent all bad effects from gas, but they invigorate the weak nerves of the stomach and assist in restoring the whole digestive system to proper working order.

Genuine Baalmann's Gas Tablets—in the yellow package—can be obtained at any good drug store. Price the stomach and assist in restoring the whole digestive system to proper working order.

badly damaged.

STAYTON, Dec. 16. - More people were present at the P. T. . meeting on Monday evening Fortunately no one was hurt than at any meeting during the season. Undoubtedly this was the result of the recent membership drive, as the secretary reported that there are 107 members in the Stayton organization now. Various committees made their report, among them the finance committee, who suggested that the association put on another play, to raise funds for play equipment. About two years ago members gave the "Zander Gump Wedding" and the net results from this amounted to more than \$100. Swings, rings, horizontal bars, etc., were purchased with this money. There is still about \$60 on hand and at the meeting Monday night it was voted to spend this on the swings.

In conjunction with the A. A A. the school is carrying out a safety campaign, boys from the upper grades acting as traffic officers at the main highway artery near the school. The P. T. A, members were asked to cooperate. The boys are on duty 20 minutes before the opening hour of school and five minutes after the opening hours, or such time as the school authorities decide. They escort the children across the street in groups and report to the principal, children who disobey their directions. Jay walking is positively prohibited. While there have been no accidents as this particular crossing, nevertheless there have been some near ones, and parents are glad that this means of protection has been adopted.

During the membership drive
the association had been divided into two groups, with the under-

standing that the losing side was to entertain the side securing the most names, or points. This was done at the Monday evening meeting. Each member of the winning side was designated by a clever cut-out of a dog, to signify that he or she was 'lucky dog''. The losers wore a cutout of a goat. An excellent program had been arranged consisting of plane and violin num-ber by Mrs. J. W. Mayo and daughter, Miss Patsy Mayo; a clever negro monologue, written and given by Wanda Perrin; a humorous skit by Martha Foster and Laura Mills and a stunt by Naomi Tobie, Laura Mills and Martha Foster which brought down the house. Walter Dozler pleased the audience with two piano accordion numbers. Later games were enjoyed until the group was invited to one of the lower rooms where a lunch prepared by the domestic science

girls and their teacher, Miss Fitts, was served. Dr. B. F. Pound, county P. T. A. president, and Mrs. R. L. Wright, county secretary, were guests or the occasion. Whether one was a "lucky dog" or s "goat" all entered into the spirit of the occasion and enjoyed
