

MOTHER'S PLAN HELD NOT FAIR

Barthelem Scores way His Ex-Wife Handles Her Daughter

LOS ANGELES, Dec. 26—(AP)—Richard Barthelem, screen star, today started his eight year old daughter, Mary Hay Barthelem, on her way to New York; where for the next six months she will remain with her mother, Mary Hay, dancer and former wife of the film actor.

"We separated in May, 1925," he said. "The child's mother left her when she was only three years old. She left the child flat. Eventually we agreed she was to have the baby six months and I an equal time. In October that year the child's mother took her and kept her five months. Since then she had her at one time for four months and another for two. Each time she sent the baby back of her own free will.

6 MILLIONS ASKED TO RUN COLLEGES

(Continued from page 1) leaves a balance of \$1,181,183. The board of higher education therefore requests that an appropriation to supplement the millage and the continuing appropriations for the operation and maintenance of the institutions of higher learning of the state be enacted by the legislature in the amount of \$1,181,173.

All Capital Outlays Pruned From Budgets "In view of the economic conditions within the state it was the feeling of the board that the expenditures to be made from state sources in the biennium 1931 and 1932 should be held within the amounts provided by the state during the biennium 1929 and 1930. In order to do this it was necessary to eliminate from the board's budget all capital outlay requests regardless of their necessity, with the exception of the one contingent request for \$50,000.

While no other capital outlay items have been included in the budget of the board, these outlays are urgently necessary on the campus of the state's institutions of higher learning. The building committee of the board has, by careful inspection of these campuses, determined upon a minimum list of capital outlays from state sources to be provided for within the coming biennium.

"These items total \$2,046,712. It will be noted that of this total \$400,000 has been approved by the building committee to be met from student dormitory rentals in accordance with chapter 324, laws of 1929, which provides for the sale of bonds for the erection of dormitories. The elimination of this \$400,000 brings the amount listed for capital outlays from state sources to \$1,646,712." The report, follow:

- Eastern Oregon Normal school, total, \$237,380. Southern Oregon Normal school, total, \$375,000. Oregon Normal school, Month, total, \$337,380. University of Oregon, total, \$659,225. Oregon State college, total, \$12,307.

BUSINESS BETTER REPORTS MR. KING

"When I came back Thursday morning I found business so much better than I had imagined it could be in the two short weeks spent in the east on business that I was amazed" was the remark of George King, who just returned from St. Louis and Chicago.

Business in the east too, according to Mr. King was much better beginning with about two weeks previous to the holidays. "The business men there has quit crying about conditions and are now going about to find a way out of the difficulties," said Mr. King.

Another thing that Mr. King had to express enthusiasm over was the remarkable "Rose City Special" train running between Portland and Chicago. "In appointments, service and in every way it is the finest train I have ever been on in all my traveling experience," said Mr. King.

A traveling companion of Mr. King's on the return trip was Roy Shields, who likewise had been in Chicago on business and was returning to his home in Portland.

Silver Dollars Spill in Sewer In Frisco Slip

SAN FRANCISCO, Dec. 26—(AP)—A silver stamped turned a San Francisco sewer into a producing mine today. The "ore", taken from the sewer by panning, was already minted into silver dollars.

The rush started shortly after John Fizon, coal company messenger, stepped from his automobile, he carried a sack of \$500 in silver which he intended to deposit in the bank. But the sack ripped. The silver cascaded down a gutter and deposited itself in the sewer.

An emergency call to the department of public works brought out a mining crew which panned the sewer. The miners recovered \$498.

MOSCOW BANK HITS AT KOREA FINANCE

MOSCOW, Dec. 26—(AP)—The commissariat of finance today charged the Vladivostok branch of the Bank of Korea with illegal trading in Soviet currency in a statement explaining why the bank was ordered closed on December 18. The Soviet action in closing the institution drew a protest from the Japanese foreign office which said it considered the closing an unjustifiable and unfriendly act.

The commissariat's statement today declared the bank had been illegally dealing in Soviet currency from January 1, 1927, until August 9, 1930, involving a total amount of 71,565,257 rubles (about \$35,000,000). The commissariat stated rubles were sold at much lower prices than fixed by the Soviet government, giving a profit to the bank of about \$295,000 Japanese yen (about \$1,600,000).

Service Men to Be Able to Look Into U. S. Data SEATTLE, Dec. 26—(AP)—Former service men who are suing the government over their war risk insurance policies were given authority to examine records of the United States Veterans' bureau in preparing their cases under a ruling handed down by Federal Judge Jeremiah Needer here today.

The decision, attorneys said, will have a far-reaching effect in the many war risk insurance suits pending throughout the country. The ruling was made in the case of Ray W. Massey, Seattle, who contends that although he is totally and permanently disabled, payment of his policy has been refused.

MRS. DOHERTY DEBUNKS DEBUT

Surprise Expressed at Stir Daughter's Coming Out Proves to be

WASHINGTON, Dec. 26—(AP)—In the whirlwind vortex of the most stupendous holiday party of many a Washington season, Mrs. Henry L. Doherty of New York took time tonight to do a bit of debunking on the subject of her debutante daughter, Helen Lee Doherty.

To be mother of one whose debut had doubled and tripled in the making, assuming the proportions of a record-smashing event, apparently had been somewhat disconcerting to Mrs. Doherty, despite an ever-evident sense of humor.

She expressed her surprise at the tremendous stir caused by Helen Lee's night-after-Christmas ball at the fashionable Mayflower hotel in which she made her formal bow to society.

Nor has Helen Lee been doing translations from the Greek, Mrs. Doherty said. While her daughter is an accomplished linguist, she can use Greek on in a meagre way, her mother said.

FORGED PASSPORTS SAID TO BE USED

WASHINGTON, Dec. 26—(AP)—The use of forged American passports by members of the Soviet Russian secret service was described in a report made public today by Chairman Fish of the house communist investigating committee.

The report was made by G. Agabekoff, formerly an operative of the OGPU, Soviet secret police, now living in Paris. "Almost all the representatives of the third international travel abroad with American passports which give them entrance into all countries and permit them to carry on communist work without arousing suspicion," he said. The Russian said a special office was maintained to fabricate all sorts of documents, particularly passports and false certificates. He said voluminous files of English and American documents were kept in Moscow for use by the secret police.
