Many Friends and Former Residents Stricken in Last few Days

SILVERTON, Jan. 1.—A number of Silvertontians have received word of deaths of relatives or old time friends during the past few days.

These include the news of the death of A. W. Ellis former Silvertontian who passed away at his San Diego home on Christmas night. Throat trouble was the cause of his death. News was sent to Mrs. Ella Goss, an aunt of Mrs. Ellis. Mrs. Goss is now staying at the home of Mrs. McKee at Woodburn.

Mrs. Caroline Fink, who died at the Deaconess hospital at Salem Friday night was a former Silvertontian living at one time in the house now owned by Oscar Cavender. At that time Mrs. Fink was Mrs. McKinney. She is the stepmother of Mrs. Ed Gundersen of Silverton and of Mrs. Jennie Davis of Houston, Texas.

Mrs. Caroline R. Hansen, the daughter of Dr. Adolph W. Hansen, passed away on Christmas day at the home of her daughter, Mrs. Arthur Olsen at Portland. She is survived by her widower, one daughter, Mrs. Olsen and one son, Halmer Hansen of Seattle. The Olsons lived at Silverton about 15 years ago at which time Mr. Olson owned and managed the Palm Confectionary which was then in the building now occupied by the Water Street Meat Market. Mrs. Olsen will be remembered as Mrs. Cora Hansen Olson, a favorite vocal soloist in the Willamette valley at the time of the World war.

Mrs. Mahlon Hoblitt received word Monday morning of the death of her mother in Kansas. Mrs. John Ludvikson received word of the death of her father, Peter Brien at Enumclaw, Wash., Saturday. Mr. Brien was known in the community having made his home here until a few years ago when he moved to Washington.

Silverton friends have learned of the death of Claude Leland White, the seven months old son of Mr. and Mrs. Claude C. White at Salem on December 29. Mrs. White will be remembered here as Miss Mattie Erikson.

### DR. MICHELSON BEGINS 79TH YEAR

To live long, a man should do what gives him the most pleasure, says Dr. Albert Abram Michelson, eminent scientist who today entered his 79th year of life. "My work has been a game in which I have pitted my brain against perversity of inanimate objects," he declares. "My greatest thrill was experimenting toward measuring speed of the solar system. My avocation is painting." Photo shows Dr. Michelson with some of his art at his Pasadena, Cal., home.

### 556 GIRLS GET JOBS IN 1930 THROUGH Y.W. AID

2102 Applications for Work Come to Office; Highest Peak Last December

Analyzing the figures covering a period of the last eight months of the present year, Mrs. M. B. Wagstaff, the employment secretary of the Y. W. C. A. reports that 2102 women and girls have applied for work during that time. There have been 609 calls for help, out of which 556 positions have been filled, 243 temporary and 308 permanent. This means that 2711 persons have applied to the association for assistance in securing either work or helpers.

The highest peak of the employment period was reached in September, when 122 calls for help came in, and the lowest point in November, when only 40 calls came for help, showing a decrease of more than 50 percent as compared with October.

The Y. W. C. A. supplied help for all kinds of work, office, store, demonstrating, soliciting, clerical and domestic. In several instances husbands and wives have been placed where the work required the services of both. Not only does the employment department supply help in Salem, but many calls come from Portland and towns nearer Salem.

All women and girls are welcome to register there for work. No discrimination is shown, and as far as possible, the girl is fitted into the position best suited for her.
