## State Social Circles are Looking Forward With Favor to Brilliant Reception and Ball to Honor New Governor and Lady

THE reception and ball which will greet Oregon's new governor and his lady following the inaugural ceremonies January 12 promises to transcend any social function of state in the history of Oregon.

The plans first laid by the committee appointed by Mayor Livesley to arrange for Salem's bow to Governor-elect and Mrs. Julius L. Meier have had to be rearranged several times to care for the ever increasing reservations which represent Salem en masse, and large delegations of the state's prominent folk from the four corners of the state.

Portland especially seems to be most enthusiastic in doing special honor to the first governor to be sent from Portland. Mayor and Mrs. George L. Baker have made reservations for a large party; Mrs. Pat Allan has arranged for a large reservation in the Marion hotel to care for her party; Mr. and Mrs. E. E. Brodie, now home on leave from Finland where Mr. Brodie is minister from the United States are coming and bringing a party.

In order to insure themselves against bad weather the Portland folk have charted one special train and a second one is being considered. All told Portland will pay special compliment to the newly inaugurated governor from their fair city.

The mayor's committee headed by Col. T. E. Riley, which has been at work on the plans for the ball announce, that through the courtesy of the Marion hotel a bridge is being built from the main dining room of the hotel to the door of the armory so that no matter the kind of weather guests arriving will be protected.

The armory will start Monday to take on the festive air it will bear to greet the guests January 12. Lights will be arranged so that the reception corner will be flooded with soft lights; special lighting will be arranged for the whole armory; the over head of the big armory will be a blaze of flags and bunting and color; seasonal flowers and banks of green will add the final note of beauty fitting the splendor of the occasion.

In comparison to this ball which will be attended by hundreds in that held by Governor Lafayette Grover in 1870 in his home which is now the residence of Mr. and Mrs. Dan J. Fry, Sr. This ball was the father of Oregon inaugural balls.

A second ball of interest was that held in compliment to Governor Sylvester Penney in 1887 in the house of representatives. At that time the house was carpeted. This was removed and the desks were taken out in order to allow room for dancing.

The proceeds of this reception and dance will go to charity and thus an added interest is being taken in its splendid success. Dinner parties, in Portland and here, will precede the event.

Patrons and patronesses for this brilliant occasion will be:

## What Paris is Wearing

By K. DOUBAY

PARIS—Dresses that look as if they had been draped right on the women who are wearing them, are getting the fashion attention of Paris these days. The most expensive gowns are often those that look as if someone has taken a piece of white satin, and with a few snips of the scissors and some brooches and jeweled pins, had made a modern version of the draped dress.

This dressmaking habit—though not as slip-shot as it sounds—has a more or less true foundation. Paris couturiers are depending more and more upon folds of fabric caught up here and there, and material folded and gathered to suit each individual type of figure than they have in many years. They are depending more and more upon the jewels that go with a dress to mark the forming lines that they do upon seams and insertions.

One of the newest examples of this sort of thing is the Irene Dana dress, which has a thoroughly simple skirt, very much like a bit of Grecian drapery, pulled over to the left hip and caught by a new type of brooch—a piece of jewelry that is five or six times as long as it is wide, and which was designed for just such uses.

### First of Party Series Unique Dinner

THE first of a series of three parties to be given by Mr. and Mrs. Clifford Mudd within the next few weeks was the 30 cover 7 o'clock dinner party at their home Saturday night. The home had been transformed into a duplication of the "Original Inn" in Mexico City, and this set the atmosphere for a delightfully original evening. A three piece orchestra played Spanish airs. Lyman McDonald sang "I'm a Gay Caballero" and several guests were in Spanish costumes.

To add variety to the evening a dash of the New Year festivities were introduced by young Billie Mudd impersonating Janus, the Greek god for whom January was named; a mask representing the past and future was worn by Master Billie who met the guests at the door which had been formed into an "arch of the years."
