Outsiders Hurt—Mrs. Charles R. Cutsinger and two sons, Elmer, 8, and Clarence, 6, were bruised and cut Saturday afternoon as a result of an accident which occurred when the car in which they were riding went into the ditch along the Pacific Highway a half mile south of Chemung. The car was driven by Cutsinger who was driving the car south when the left front wheel of the machine was struck by a machine driven by Bert Adams of Portland, who was in the act of passing him. The impact sent the Cutsinger car across the highway and then into the ditch. Adams says a third car cut in and crowded him into the Cutsinger machine.

\$20,000 OUTLAY IN THEATRES, DECIDED
New Sounds Projector; Better Lights Mark Warner Advent in Salem

Salem has two of the houses in the new circuit of theatres to be developed by Warner Bros. on the Pacific coast, according to M. A. Silver, general manager of this theatre concern's expansion activities here on the coast. There are only two others at present, one in San Francisco and one in Aberdeen, Wash., but others will be added in the very near future.

Mr. Silver was paying a visit to Salem Monday and went over the theatre situation here with Manager John Stille. Mr. Silver announced that close to \$20,000 would be spent in remodeling the Capitol and the Elmer. Included in the changes will be new sound equipment, improved lighting effects, and some changes in the buildings to allow for greater convenience and efficiency. A second announcement which will be of interest to Salem was made by Mr. Silver to the effect that the two Warner theatres in Salem will show all pictures of the best and latest, whether they be Warner Bros. pictures or from any one of the other large companies now producing.

According to Mr. Silver, Mr. Stille will remain in Salem as general manager of the two houses here and will also continue to C. Kafoury, Howard Huley.

POSTOFFICE FUNDS SHOW SLIGHT DROP
Despite fact that postal receipts for 1930 were nearly \$10,000 greater than in 1929, the reports for December and for the last quarter of the year show a drop from the same periods of the previous year.

December receipts, although the holiday business last month was greater than in 1929, were \$23,710.46, as compared to \$27,495.95 the year before. This was a drop of \$3,785.09.

The quarterly receipts for the three months just ended were \$62,001.61 or a drop of \$2,357.31 over the \$64,358.92 on the books for the 1929 final quarter. The decrease for both the month and quarter is accounted for in the change of time in the purchase of automobile license plates, inasmuch as each December heretofore has seen mailing out of several thousands of dollars worth of license material from the motor vehicle department.

The total receipts for 1930 were \$242,315.65.

The cumulative value of crops grown on federal reclamation projects exceeds \$1,600,000,000.
