

# TURNER FOLK HAVE PROGRAM

### Unique Stunts Feature all Day Session of Group

TURNER, Jan. 12—Surprise Grange No. 233 met Saturday in their hall for an all-day meeting. Business and conferring the first and second degree on two new members made up the morning session. After a bounteous luncheon and more degree work a well prepared program followed at 2:30 o'clock directed by the lecturer, Mrs. Ethel Gulvin, the theme being "The New Year."

All joined in singing "Smiles," after which the lecturer read two short articles of New Year's greetings as given in two well-known periodicals. "Spring Time in the Rockies" was sung to the accompaniment of Albert Jensen on the viola. Reading, giving the months in verse, by Bernadine White. Raymond Titus followed with a humorous selection. Mrs. Eleanor Titus gave Raymond's poem, "The New Year." The lecturer made a few announcements for the next meeting's program.

The legislative committee composed of G. W. Farris, W. F. Gulvin and Mr. Trachel are urged to visit the legislature and get in touch with other like committees. They will be expected to report at next meeting. It is quite probable that visitors from the legislature will be present next month.

Home made valentines will be brought by members for exchange. Each lady must be prepared to give a penny and each person must be able to respond to a questionnaire as to what each would wish for future programs.

Stunts Enjoyed

The program of the day was resumed by calendar stunts which were cleverly planned by the lecturer. January was represented by a snow-ball contest in which four persons took part. Red hearts were passed and each added an adjective to the word heart for February. March was the windy month in which children spent much wind in blowing up toy balloons. April showers came next, represented by four people with umbrellas marching around the hall. A short flower guessing story represented May. June was the wedding month, and each gentleman was asked to give a description of his wife's wedding dress and each lady was told to mention a funny or sad incident of the wedding day. The July stunt pertained to fire crackers. August was represented by reminders of threshing. September, a school

# Polk County Turkey Raiser Wins All Specials Except Two at Large Idaho Show

Again this year Henry Domes, the White Holland Turkey specialist, of McCoy, Polk county, took about all of the most coveted prizes in the big Turkey Show held at Caldwell, Idaho, in connection with the Gem State Poultry Show, the past week. This is the second or third time Mr. Domes has given the Idaho turkey raisers and exhibitors competition they could not meet, and not only was he awarded Grand Champion Turkey of the big show, with a gold medal as the award, but he was also awarded a silver cup for best young tom in the show; silver cup for best turkey in the show; silver cup for the best old tom, yearling tom, young tom, hen and pullet owned by an exhibitor, and a silver cup for best White Holland young tom in the show. The facts are, Mr. Domes won all of the special awards except two, one of which had strings on it and could only be awarded to a member of the Idaho Turkey Raisers' association.

The other award Mr. Domes generously left to the Idaho breeders was the silver cup offered for the best Narragansett turkey in the show, a breed not kept nor exhibited by Mr. Domes.

Mr. Domes' winnings at the big Oakland, Oregon, turkey show Dec. 19-20, an exclusive northwestern turkey show, were almost as good as at the Gem State Poultry Show at Caldwell, Idaho, and he is naturally much elated over these winnings and his success in breeding up a great vigorous and profitable strain of White Holland turkeys, regarding which the leading poultry judges say "No better can be found any where in the country."
