The program started with song to the ladies entitled "Though You Win, You'll Lose' sung by the Beckett brothers. Then came the style show when the men dressed as women showed the styles of different periods of American history. W. C. Pettyjohn, who announced the SIDNEY-TALBOT, Jan. 13. —

Wesley Goodrich, Francis Lott, Howard Henningsen, Har-vey Shuebel, Irvin Selby, Floyd Selby, Walter Bowman and George Higgins and last the professor's wife, Gordon Bowman, disgulsed. When the professor made love to her she revealed her identity much to his embarrassment.

Then came a clever skit called "No More Women." The chief characters were S. C. Davenport and George Veall who were flirting with chorus girls as they came from the theatre. The girl parts were taken by Gerald Shor ey, Fleyd Bowman, Bob Good rich, Gordon Greenstret, Floyd Query and Lloyd Davenport, all in costume.

"Caveman Courtship" a thrilling demonstration of cavemen days was given by Louis Salchenberg, Gerald Shorey, Roy Rice, junior, Leroy Edwards, and Henry Query all dressed with skins and other marks of an early era.

A very interesting part of the

previous week.

The feature of interest in fleece wools was the broader inquiry for 56s and 48s, 56s grades. Several factors in the trade feel that there is a market in the making on these grades. A number of bids below currently quoted prices were promptly rejected.

The market was broader and more active on territory wools. Sales were closed on strictly combing 64s and finer graded wools at 68@71c scoured basis. French combing wools of this grade sold at 63@67c scoured basis for grade wools, while original bag lines, the bulk of which was of this close and grade sold at 62.00 lines, the bulk of which was of this class and grade, sold at 62 @ 67c, with choice offerings held at higher figures. Several houses reported business on 58s and 60s, with prices on the strictly combing class in the range 63 @ 67c, scoured basis. Original bag lines of principally 58s and 60s wools brought 60 @ 65c scoured basis, depending on the length of staple. in the wool market during the first full week of business in the new year have been mostly of a constructive nature. Buyers were more numerous and they were bidding on offerings more freely this class sold at 50@53e with some houses asking 55c. The lower grades were quiet.

Spot foreign wools were quiet with quotations rather soft. Cable reports from primary markets to private concerns indicated some irregularity in quotations on fine Merino wools while some low cross breds were reported slightly firmer. The mohair market has been given some encouragement by reports coming from the automobile show in New York. The extent of the use of mohair plush in the new models has raised the hopes of several members of the mohair trade for an increase from
